Record of Town Meetings

TOWN MEETING, MARCH 13, 1922

Meeting called to order at 7.30 o'clock P. M. by Moderator Eaton who read the call for the meeting.

On Motion of F. H. Emerson.

Voted: That further reading of the warrant with the exception of the Constables' Return be omitted.

Constables' return then read by the Moderator.

Article 1. To act upon the reports of town officers as published.

On Motion of S. T. Parker.

Voted: That the reports of town officers as printed be accepted and laid upon the table.

Article 2. To choose all town officers not required to be chosen by ballot.

On Motion of F. H. Emerson.

Voted: That a committee of five be appointed by the chair to bring in nominations for all the town officers, not chosen by ballot.

Article 3. To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1922, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

On Motion of A. H. Boardman.

Voted: That the town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money on and after January 1, 1922, in anticipation of the revenue of the financial year beginning January 1, 1922, and to issue a note or notes therefor payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1922, unanimous vote.

Article 4. To determine how much money the town will raise and appropriate for General Government, Protection of Persons and Property, Health and Sanitation, Highways, Charities and Soldiers' Benefits, Education, Recreation and Unclassified Public Service Enterprises, Interest and Maturing Debt.

General Government

On Motion of W. C. Robbins for Finance Committee.

Voted: That the town raise and appropriate the sum of \$21,150.00 for the purpose of General Government, to be apportioned as follows:

Article 5. To see if the town will authorize the Water and Sewerage Board to relay the water main on Main Street from the intersection of Richardson street to the intersection of Water street, and on Water street from the intersection of Main Street to the intersection of Valley street. To extend the water main on Jordan avenue, from the intersection of Albion street to the dead end opposite house of C. Doyle, and on Mountain avenue from the intersection of Albion street to a street on land owned by C. N. Winship, also on new streets laid out by G. H. Wetherbee, Jr., C. E., on land owned by C. N. Winship, located westerly of Jordan avenue, approximately a distance of 2400 feet.—Charles H. Learoyd.

Article 6. To see if the town will raise and appropriate a sum not exceeding \$20,000.00 to relay and extend water mains in streets named in the preceding article, or authorize the Treasurer, with the approval of the Selectmen, to issue bonds, notes or scrip of the town of Wakefield, to an amount not exceeding \$20,000.00 to provide necessary funds for carrying out any action voted under said article.—C. H. Learoyd and others.

On Motion of L. P. Jordan.

Voted: That action under the articles be postponed to an adjournment of this meeting.

Article 7. To see if the town will authorize the Water and Sewerage Board to extend the sewer in Aborn avenue, from a point opposite house owned by H. W. Jackson, 100 feet easterly; in Stedman street from a point opposite house of W. B. Atwell, northerly to Chestnut street; in Prospect street, westerly 400 feet to opposite house of A. D. Cate; Albion street from a point opposite

Gould street to Mountain avenue, thence northwesterly on Mountain avenue to a street on land of C. N. Winship. Also from Albion street northerly on Jordan avenue 750 feet. Then from Jordan avenue in a westerly direction on new streets not named, but shown on plan drawn for C. N. Winship by George H. Wetherbee, Jr., C. E., dated December, 1921, approximately a distance of 2000 feet.—Charles H. Learoyd and others.

On Motion of Finance Committee.

Voted: That the town authorize the Water and Sewerage Board to extend the sewer mains as requested and described in Article 7.

Article 8. To see if the town will raise and appropriate a sum not exceeding \$13,000.00 to extend and construct sewers in streets named in the preceding article, or authorize the Treasurer, with the approval of the Selectmen, to issue bonds, notes or scrip of the town of Wakefield for an amount not exceeding \$13,000.00 to provide necessary funds for carrying out any action voted under the preceding article.—Charles H. Learoyd and others.

On Motion of A. H. Boardman.

Voted: That there be appropriated the sum of \$13,000.00 for the purpose of constructing sewers in the streets enumerated in Article 7 of the warrant for the annual town meeting of 1922, and to meet said appropriations, the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow said sum and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with Section 19, Chapter 44, General Laws, so that the whole loan shall be paid in not more than thirteen years from the date of issue, or at such earlier dates as the Treasurer and Selectmen may determine. Affirmative 366. Negative 0.

Article 9. To see if the town will authorize the Water and Sewerage Board to construct a sewer in Fairmount avenue, from Chestnut street to the house of C. N. Cogswell.—Charles H. Learoyd.

On Motion of Finance Committee.

Voted: That the town authorize the Water and Sewerage Board to extend the sewer mains as requested and described in Article 9.

Article 10. To see if the town will raise and appropriate \$83.75 to reimburse C. N. Cogswell of 3 Fairmount avenue, for funds advanced by him for the construction of a sewer in Fairmount avenue laid during 1921.—Charles H. Learoyd and others.

On Motion of Finance Committee.

Voted: That the town raise and appropriate the sum of \$83.75 for the purposes called for in Article 10.

Article 11. To hear and act on the report of the Committee appointed under Article 15 of the Warrant for the annual meeting in 1921 to investigate the price of gas and the possibility of leasing the light plant.—John J. Round.

L. L. McMaster read report of committee appointed under Article 15 of the warrant for meeting of March 7, 1921, relative to the Light Plant, report consisted of a majority and minority report.

Voted: That report as read be accepted.

Article 12. To see if the town will vote to sell the Municipal Light Plant, and to see if they will appoint a Committee to find out the best price which can be obtained for it, and report at a future town meeting.—John J. Round.

On Motion of J. J. Round.

It is moved that the Selectmen be instructed to arrange for a special vote to be taken at an adjourned session of this meeting to be held Tuesday, March 21st, and prepare ballots for a yes or no vote, in accordance with the statutes, on the question "Shall the Town sell the Municipal Light Plant" and that the polls be kept open from one o'clock P. M. until 9 o'clock P. M. for this purpose.

It is further moved that a committee be appointed by the Town to consist of the Chairman of the Light Board, the Chairman of the Selectmen, and the Chairman of the Finance Committee who shall in case the Town votes in favor of selling the plant, be authorized to enter into negotiations for the sale, and report the result to a future town meeting for final action by the town. An amendment by C. A. Dean changing the time of opening of polls from one o'clock to twelve o'clock was accepted by Mr. Round. An Amendment by W. C. Robbins that the President of the Chamber of Commerce be substituted for the Chairman of the Finance Committee was accepted by Mr. Round.

On Motion of L. P. Jordan.

Voted: That this meeting adjourn at ten o'clock P. M. to Monday evening March 20th and that the subject matter of this article be taken up at eight o'clock on that date. An amendment to adjourn at ten thirty was lost, the hour of ten having been reached at this hour, the meeting adjourned. Attendance, 550.

ADJOURNED TOWN MEETING, MARCH 20, 1922

Meeting called to order by Moderator Eaton at 7.45 P. M.

Article 2. Moderator appointed the following committee: L. W. Sweetser, Frank H. Emerson, Jesse E. Harrison, Samuel T. Parker, Charles F. Winter.

Article 13. To see if the town will vote to purchase and take a tract of land in Greenwood near or adjacent to the present schoolhouse lot, and bounded and described substantially as follows: Commencing at the southwest corner

thereof on Main street at land of said town of Wakefield, thence northerly by said Main Street about 140.67 feet, thence easterly by land of Barbour about 215.96 feet; thence northerly about 195 feet, thence easterly about 257 feet to Greenwood avenue; thence southerly by said Greenwood avenue about 371 feet to said land of said town of Wakefield; thence westerly by said town land about 419.75 feet to Main street at the point of beginning. Said land to be bought and taken for school purposes, the said tract including Lots 83, 84, 85 and 86, as shown on Assessors' plans of plat 24, and raise and appropriate a sum of money therefor, or see if the town will issue bonds therefor to provide money for the purchase thereof.—J. Lowe McMahon and others.

On Motion of M. E. S. Clemons.

Voted: That the town raise and appropriate the sum of \$5,525.00 for the purpose of acquiring the land described in Article 13. Unanimous vote.

Voted: That the selectmen be and hereby are authorized to take by eminent domain the land hereinafter described, for school purposes. Tract of land in Greenwood near or adjacent to the present schoolhouse lot, and bounded and described substantially as follows: Commencing at the southwest corner thereof on Main Street at land of said town of Wakefield, thence northerly by said Main Street about 140.67 feet; thence easterly by land of Barbour about 215.96 feet; thence northerly about 195 feet, thence easterly about 257 feet to Greenwood Avenue; thence southerly by said Greenwood Avenue about 371 feet to said land of said town of Wakefield; thence westerly by said town land about 419.75 feet to Main Street at the point of beginning. Said land to be bought and taken for school purposes, the said tract including Lots 83, 84, 85 and 86 as shown on Assessors' plans on plat 24, the owners of said lots supposed to be as follows: Said lot 83 being owned by Emma A. Branch, Lot 84 by Suburban Land Co., Lot 85 by Frederic S. Hartshorne and Lot 86 by Laura Hallett and James W. Morrison. Unanimous vote.

Voted: That the treasurer be and hereby is authorized to pay from appropriations made under this article 13, for a deed and release of all claims arising under the taking authorized under this article, the following sums: for lot 83 the sum of \$5,200.00, for lot 84 the sum of \$125.00, for lot 85 the sum of \$50.00 and for lot 86 the sum of \$125.00. Said deeds to convey the premises described in Article 13. Unanimous vote.

Article 4

HEALTH DEPARTMENT

Voted: That the town raise and appropriate the sum of \$7,350.00 divided as follows:

Salary.....	\$300.00	
Department Expenses.....	7,050.00	\$7,350.00

POOR DEPARTMENT

Voted: That the town raise and appropriate the sum of \$29,500.00 divided as follows:

Salary.....	\$300.00	
Department Expenses.....	29,200.00	\$29,500.00
		<hr/>

STATE AID

Voted: That the town raise and appropriate the sum of \$2,000.00 for State Aid.

MILITARY AID

Voted: That the town raise and appropriate the sum of \$1,000.00 for Military Aid.

SOLDIERS' RELIEF

Voted: That the town raise and appropriate the sum of \$3,500.00 for Soldiers' Relief.

Article 12. The hour of eight having arrived, this article became the business before the meeting.

Mr. Round asked permission of the meeting to change the date on which vote is to be taken to Monday, March 27, there being no objection, the motion was so amended.

The Moderator ruled that the motion be divided, the motion now standing as follows: Division 1—that the Selectmen be instructed to arrange for a special vote to be taken at an adjourned session of this meeting to be held Monday, March 27th and prepare ballots for a “yes” and “no” vote, in accordance with the statutes on the question “Shall the Town Sell the Municipal Light Plant” and that the polls be kept open from 12 o'clock M. until nine o'clock P. M. for this purpose. Division 2.—It is further moved that a Committee be appointed by the Town to consist of the Chairman of the Light Board, the Chairman of the Selectmen and President of the Chamber of Commerce, who shall in case the Town votes in favor of selling the plant be authorized to enter into negotiations for the sale, and report the result at a future Town Meeting for final action by the Town. Discussion under these motions started at eight o'clock and was participated in by Rev. Dr. Perkins, and Messrs. Walton, Nelson, Dean, Learoyd, McIntosh and Lunt. At nine fifteen Mr. S. T. Parker moved the previous question.

Voted: That the main question be now put. On the first division of motion by Mr. Round the vote was as follows:

Affirmative 694. Negative 100 and the motion was declared carried.

There being no objection by the meeting, Mr. Round withdrew the second division of this motion.

Article 14. To see if the town will appoint a committee to investigate and recommend to the town, at the next annual town meeting, what may be necessary for further additional school facilities at Greenwood, and raise and appropriate a sum of money for use of said committee for said purpose.—Forrest A. Seavey and others.

Voted: That the town raise and appropriate the sum of \$250.00 for the purposes called for in Article 14, and that a Committee of six, two of whom shall be members of the School Committee, and one a member of the Greenwood Parent Teachers' Ass'n, be appointed to carry out the provisions of the vote.

Article 15. To see if the town will vote to raise and appropriate the sum of \$300.00 and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with the County Trustees for aid to agriculture of the Middlesex County Bureau of Agriculture and Home Economics, under the provisions of Chapter 273, General Acts 1918,—Board of Selectmen.

Voted: That the town raise and appropriate the sum of \$200.00 for the purposes called for in Article.

Article 16. To see if the town will raise and appropriate the sum of \$1,500.00 to further the development of the Montrose School grounds, or what they will do about it.—J. Richard Lunt and others.

Voted: That the town raise and appropriate the sum of \$800.00 for the purposes called for in article.

Article 17. To see if the town will vote to issue school bonds to the amount of \$300,000 under the Special Act of 1919, Chapter 123, such bonds to be in place of the \$300,000 bonds authorized to be issued under the said act by a vote passed at the town meeting held 20th October, 1919, and to rescind the said vote so far as it relates to the issue of the said \$300,000 bonds not already issued thereunder.—Arthur H. Boardman.

Voted: That under authority of the Special Act of 1919 Chapter 123, the town treasurer is hereby authorized with the approval of the selectmen to issue bonds of the town to the amount of \$300,000, face value payable in twenty equal annual payments beginning one year from their date. The said bonds shall bear on their face the words "Wakefield School Loan, Act of 1919" and all particulars as to date, form, and sale of the said bonds shall be determined by the town treasurer with the approval of the selectmen. The said bonds are in place of the \$300,000.00 bonds authorized to be issued under the said act by a vote passed at the town meeting held the 20th of October 1919 and the said vote is hereby rescinded so far as it relates to the issue of the said \$300,000.00 bonds not already issued thereunder. Affirmative 251—Negative 0.

Article 18. To see if the town will determine and define the portion of the Wakefield Estate which shall be devoted to school purposes, and what portion to municipal purposes.—Board of Selectmen.

Voted: That subject matter of this article be laid upon the table.

Article 16. Voted: That Article 16 be taken up.

Voted: That a committee of seven, two of whom shall be members of the School Committee be appointed to supervise and direct the expenditure of money appropriated under this Article.

Article 19. To see if the town will raise and appropriate the sum of \$250.00 to be expended by H. M. Warren Post 12, G. A. R., for the observance of Memorial Day, May 30, 1922.—J. Warren Poland and others.

Voted: That the town raise and appropriate the sum of \$250.00 for the purposes called for in article.

Article 20. To see if the town will raise and appropriate the sum of \$100.00 for Memorial Day purposes, for the use of the United Spanish War Veterans.—Charles F. Winter and others.

Voted: That the town raise and appropriate the sum of \$100.00 for the purposes called for in article.

Article 21. To see if the town will raise and appropriate the sum of \$150.00 to defray the expenses of Corp. Harry E. Nelson Post 63, the American Legion, in the observance of Memorial Day.—E. Hazen Walton and others.

Voted: That the town raise and appropriate the sum of \$150.00 for the purposes called for in article.

Article 22. To see if the town will name or rename squares of the town after soldiers and sailors who died in the service of their country during the World War, and appoint a committee to report names at this meeting.—E. Hazen Walton.

Voted: That the town name or rename squares for soldiers and sailors who died in the service of their country during the World War and appoint a committee of five, two of whom at least, shall be members of the American Legion, to report a plan to put this action into effect at the next annual town meeting.

Article 23. To see if the town will raise and appropriate the sum of \$340.00 to defray the expense of purchasing and the placing of suitable signs in the squares as designated in the previous article.—E. Hazen Walton and others.

Voted: That the subject matter of this Article be indefinitely postponed.

Article 24. To see if the town will authorize the Selectmen to lease for Corp. Charles F. Parker Camp 39, United Spanish War Veterans, suitable quarters and raise and appropriate a sufficient sum of money therefor.—Charles E. Walton and others.

Voted: That the town raise and appropriate \$120.00 for the purpose called for in Article.

Article 25. To see if the town will authorize the Selectmen to lease for Corp. Harry E. Nelson Post 63, of the American Legion, the present headquarters occupied by it, and raise and appropriate a sufficient sum of money therefor.—Charles Bridge and others.

Voted: That the town raise and appropriate the sum of \$660.00 for the purpose called for in Article 25.

Voted: That this meeting stand adjourned to Monday, March 27, at 12 o'clock M. at which time the vote on the sale of Light Plant will be taken, and thereafter to Monday, April 3rd, at 7.30 o'clock P. M. for consideration of balance of warrant.

Adjourned 10 P. M. Attendance 1000.

ADJOURNED TOWN MEETING, MARCH 27, 1922

Meeting called to order at 12 M. by Moderator Eaton, who declared the polls open for vote on the sale of the Light Plant.

On Motion of C. A. Dean.

Voted: That ballots be not counted until polls are closed. Voting continued until 9 P. M. at which time the polls were declared closed.

The check list at the gate showed number of persons voting as follows:

Precinct 1.....	1598
Precinct 2.....	393
Precinct 3.....	798
Total number of votes cast.....	2789
"Yes".....	1489
"No".....	1299
Blank.....	1
Necessary for choice (2-3 vote).....	1860

The Moderator declared the vote not carried.

The meeting adjourned at 9.30.

ADJOURNED TOWN MEETING, APRIL 3, 1922

Meeting called to order 7.35 P. M. by Moderator Eaton, Moderator appointed the following committee:

Finance Committee for Three years—William H. Cartland, Eustace C. Fitz, William J. Fitzgerald, Edward F. Preston, Willis C. Robbins.

Committee of Six under Article 14—Forrest A. Seavey, Harry P. Allman, John T. Cooper, Ardell MacWhinnie, John B. Sawyer, William B. Stantial.

Committee of Seven under Article 16—Edward W. Wilder, Edward M. Bridge, J. Richard Lunt, Katherine Neagle, Eva G. Ripley, Leo A. Rogers, Nellie H. B. Weeks.

Committee of Five under Article 22—E. Hazen Walton, Arthur L. Evans, Andrew W. Hutchinson, Thomas F. Kenney, Hubbard B. Mansfield.

Article 2. Voted: That Article 2 be taken from the table.

S. T. Parker for the committee made the following nominations for officers not chosen by ballot.

Planning Board for Three Years—Charles F. Winter, Edward M. Bridge.

Field Drivers—Henry N. Oliver, Carroll Robie, Palmer Corbett.

Fence Viewers—Harvey S. Parker, Frank J. Henkel, Augustus M. Baxter.

Surveyors of Lumber—L. E. Bennett, H. A. Feindel, A. T. Locke, Fred E. Cutler, E. E. Prescott, F. W. Magdeberg, W. E. Knox, C. L. Auld.

Signatures authorized by vote of Committee—L. W. Sweetser, F. H. Emerson, J. E. Harrison, C. F. Winter, S. T. Parker.

Voted: That the report of Committee be accepted.

Voted: That the recommendations as made be adopted and the persons so named be elected.

Voted: That when this meeting adjourns it be to Monday, April 10th, at the completion of the special town meeting called for that date.

Article 4

Voted: To take up Article 4.

On Motion by Finance Committee.

Voted: That the appropriation in respect to the Poor Department be reconsidered. Unanimous vote.

Voted: That the town raise and appropriate the sum of \$31,819.00 divided as follows:

Salaries.....	\$300.00	
Departmental Expenses.....	31,519.00	\$31,819.00

FIRE DEPARTMENT

Voted: That the appropriation made for Fire Department be reconsidered. 'Yes' 135, "No" 53. Amendment by MacWhinnie, that an additional sum of \$1,200 be raised and appropriated for an additional man at the Greenwood Station. Amendment carried and original motion as amended was then voted.

Article 13

Voted: That Article 13 be taken up.

Voted: That the amount to be paid for lot 84 be increased from \$125 to \$150.00.

Article 5

Voted: That Article 5 be taken up.

The article was divided, first division being relative to relaying water mains, the second division being relative to extending water mains.

Voted: That action under division one be indefinitely postponed.
Under division two.

Voted: That the town authorize the Water and Sewerage Board to extend the water main on Jordan Avenue, from the intersection of Albion Street to the dead end opposite house of C. Doyle, and on Mountain Avenue from the intersection of Albion Street, to a street on land owned by C. N. Winship, also on new streets laid out by G. H. Wetherbee Jr., C. E. on land owned by C. N. Winship, located westerly of Jordan Avenue, approximately a distance of 2400 feet.

Article 6

Voted that Article 6 be taken up.

Voted: That there be appropriated the sum of \$9,000.00 for the extension of water mains in the streets in which mains are to be extended enumerated in Article 5 of the warrant for the annual town meeting of 1922, and that the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow said sum and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19, Chapter 44, General

Laws, so that the whole loan shall be paid in not more than five years from date of issue of the first bond or note or at such earlier dates as the treasurer and selectmen may determine. Unanimous vote.

Article 26. To see if the town will raise and appropriate the sum of \$600.00 for a municipal celebration July 4th, 1922, or what they will do about it.—Daniel H. Regan and others.

Voted: That the subject matter of this Article be indefinitely postponed.

Article 18

Voted: That Article 18 be taken up.

Voted: That the part of the Wakefield estate described below be set apart for and to be used by the Highway department, the balance of the Wakefield estate to be set aside for school purposes. This division is set forth on plan dated 1904, showing High School and appurtenances. Starting at a point on southwesterly corner of Town property and thence running along North Avenue in a northwesterly direction for 200.00 feet; thence running northeasterly for 182.00 feet, by turning an angle of 92°15'; thence running southeasterly for 189.00 feet to Town's southerly boundary by turning angle of 89°35'; thence running in a southwesterly direction for 77.5 feet and 113.00 feet to point of beginning.

Article 27. To see if the town will vote to establish a minimum wage of \$4.50 per day applying to employees of the Municipal Light, Water and Sewer, Highway and Moth Departments or what they will do about it.—Daniel H. Regan and others.

A motion by Finance Committee to indefinitely postpone was lost. "Yes" 101. "No" 182.

Voted: That the town establish a minimum wage of \$4.50 per day applying to employees of the Municipal Light, Water and Sewer, Highway and Moth Departments.

Article 28. To see if the town will raise and appropriate a sum of money sufficient to enable the Board of Assessors to revalue all property in the Town of Wakefield.—Board of Selectmen.

Voted: That the subject matter of this article be indefinitely postponed.

Article 29. To hear and act on report of Woodville School Building Committee.

Voted: That the report of the Committee as printed on page 170 of the Town Report be accepted.

Article 30. To see if the town will accept from John W. White a deed conveying to the town a tract of land lying northerly of, and adjacent to the Beebe Library lot and bounded by Main Street and other land of said John W. White.—M. E. S. Clemons.

Voted: That the town accept and ratify the acceptance of a deed conveying to the town the premises described in Article 30.

Voted: That the town records its appreciation of the gift of Mr. White.

Article 31. To see if the town will vote to accept the provisions of Section 44 of Chapter 32 of the General Laws, the same being an act to provide for the pensioning of Public School janitors.—Edward E. Eaton.

Voted: That the subject matter of this article be indefinitely postponed.

Article 32. To see if the town will accept Sections 21 to 28, inclusive, of Chapter 136 of the General Laws relating to "Certain sports and games on the Lord's Day."—Ernest Heywood.

Voted: That the subject matter of this article be indefinitely postponed.

Article 33. To see if the town will accept a gift of the land part of which borders on the western shore of Crystal Lake extending southerly from Broadway, consisting of the Warren property and part of the Brooks property, the same to be used as a site for a hospital or any other public purpose.

Voted: That the town accept a deed from John J. Round conveying to the town for hospital or other public purposes the premises described in deeds of Charles Woodman, Trustee, Bertha March et al. and Morgan Brooks to said Rounds and respectively recorded in Middlesex South District Deeds, Book 4255, Page 555; Book 4383, Page 99, and Book 4371, Page 158 and comprising about 32.2 acres. Bounded in a general way as follows:—Commencing at Broadway thence running southerly about 2114.64 feet by the Westerly shore of Crystal Lake to other land of said town; thence westerly by land of said town about 1130 feet; thence northerly by various courses about 1894.8 feet to Broadway; thence easterly by Broadway 132 feet; thence southerly about 277 feet, thence easterly about 345 feet, thence southerly and westerly by various courses by lands now or formerly of said Woodman, Trustee, about 1198.1 feet; thence easterly by said land of said Woodman, Trustee, about 272 feet to the easterly line of Crest Avenue, so-called, thence northerly by said Crest Avenue about 1272.34 feet to land formerly of said March, thence northerly by Park Way so-called, formerly known as Spruce Avenue, 132 feet to said Broadway; thence easterly by said Broadway 200 feet to the lake at the point of beginning.

Voted: That the town hereby records its appreciation of the generous gift of Mr. Round in making the aforesaid conveyance.

Article 34. To see if the town will vote to purchase for park purposes the property of the L. D. Griswold Land Co., bounded westerly by the town

line of Stoneham, northerly by Crystal Lake, easterly by land of owners unknown and southerly by owners unknown, all as shown on plan on file in Selectmen's Office, and raise and appropriate a sufficient sum therefor or issue bonds to provide funds therefor.—Board of Selectmen.

Voted: That the town raise and appropriate the sum of \$2,500.00 for the purposes called for in Article 34.

Article 35. To see if the town will authorize the Trustees of the Beebe Public Library to grant to the Wakefield Historical Society the free use of any available quarters not required for library purposes, in the new building now being erected.—Arthur L. Evans.

Voted: That the town authorize the Trustees of the Beebe Public Library to grant to the Wakefield Historical Society the free use of any available quarters not required for library purposes, in the new building now being erected.

Article 36. To see if the town will authorize and direct the Light Board to extend street lights through that part of Montrose Avenue, not now lighted, and raise and appropriate a sufficient sum therefor.—Charles O. Wanamaker and others.

Voted: That the subject matter of this article be indefinitely postponed.

Article 37. To see if the town will vote to accept and allow the relocation and alteration of Avon street made by the Board of Selectmen and on file in the Town Clerk's office.—Board of Selectmen.

Voted: That the town will vote to accept and allow the relocation and alteration of Avon Street made by the Board of Selectmen and on file in the Town Clerk's Office.

Article 38. To see if the town will vote to elect its Selectmen in the following manner: Beginning with the annual meeting of the year 1923—2 Selectmen for a term of 3 years each and 3 Selectmen for 1 year each; in 1924, one for a term of 3 years, and two for 1 year each; in 1925, one for a term of 3 years and one for 1 year, and each and every year thereafter, 1 Selectman for 3 years. and 2 for 1 year; or what they will do about it.—Stanley A. Dearborn.

Voted: That the subject matter of this article be indefinitely postponed.

Article 39. To see if the town will vote to sell the real estate hereafter described, or what they will do about it:

About 15,000 square feet of land on the southwesterly side of Greenwood street, being lot 5, section 3, as shown on Mead's plan of Nash Farm recorded in Middlesex So. District Registry of Deeds, books of plans No. 45, plan 51, and being lot 19 on plat 26 of assessors' plans.

About 14,378 square feet of land on the southerly side of a private way running westerly from Greenwood street, being lot numbered 8, section 3, as shown on Mead's plan of Nash Farm recorded in Middlesex So. District Registry of Deeds, book of plans No. 45, plan 51, and being lot No. 10, plat 26 of assessors' plans.

About 15,000 square feet of land on the easterly side of a private way running north from Spring street, being lot numbered 9, section 3, as shown on Mead's plan of Nash Farm recorded in Middlesex So. District Registry of Deeds, book of plans No. 45, plan 51, and being lot No. 14, plat 26, of assessors' plans.

About 15,000 square feet of land on the easterly side of a private way running north from Spring street, being lot numbered 10, section 3, of Mead's plan of Nash Farm, recorded in Middlesex So. Dist. Registry of Deeds, book of plans No. 45, plan No. 51, and being lot 18, plat 26 of assessors' plans.

About 10,000 square feet of land on the northerly side of Washington avenue, being lot numbered 18, section 4, as shown on Mead's plan of Nash Farm, recorded in Middlesex So. Dist. Regis. 51, being lot No. 44, on plat 26 of assessors' plans.

About 10,000 square feet of land on the northerly side of Washington avenue, being lot numbered 19, section 4, as shown on Mead's plan of Nash Farm, recorded in Middlesex So. Dist. Registry of Deeds, book of plans No. 45, plan 51 and being lot No. 46 plat 26, of assessors' plans.

About 10,000 square feet of land on the northerly side of Washington Avenue, being lot numbered 20, section 4, as shown on Mead's plan of Nash Farm, recorded in Middlesex So. Dist. Registry of Deeds, book of plans No. 45, plan No. 51, and being lot No. 48, plat 26 of assessors' plans.

Voted: That the Board of Selectmen be authorized to sell land described in Article 39 in a manner in accordance with law.

Article 40. To see if the town will raise and appropriate the sum of one thousand dollars to trim and cut the trees on Hart's Hill Reservation.—George W. Abbott and others.

Voted: That the town raise and appropriate the sum of \$500.00 to be added to the appropriation to the Park and Cemetery Department for the purposes described in Article 40, and that said Department be instructed to deliver wood salvaged from the Reservation by the use of this appropriation to the Poor Department.

Article 41. To hear and act upon the report of the Committee on change in form of Town Government, appointed under Article 8 of the warrant for the meeting of December 13, 1920.

Majority and minority reports were presented by committee and read by Theodore Eaton.

Voted: That reports as read be accepted.

Voted: That this meeting stand adjourned to Monday evening April 10th, business to be taken up at close of special Town meeting.

Adjourned at 9.50. Attendance 300.

SPECIAL TOWN MEETING—APRIL 10, 1922

Meeting called to order at 7.40 P. M. by Moderator Eaton, who read the Warrant and constables' return thereon.

Article 1

On Motion of A. H. Boardman.

Voted: That there be appropriated the sum of forty-five thousand dollars (\$45,000.00) for the purpose of extending or enlarging the gas and electric light plant, said extensions to be within the limits of the territory within which said plant is authorized to distribute its product and said appropriation to be in addition to the amount provided by the depreciation fund; and the treasurer, with the approval of the selectmen be and hereby is authorized to borrow the sum of forty-five thousand dollars (\$45,000.00) and to issue bonds or notes therefor, said bonds or notes to be payable in accordance with section 19, chapter 44, General Laws, so that the whole loan shall be paid in not more than twenty years from the date of the first bond or note.

"Yes" 395. "No" 28.

Article 2

On Motion of M. E. Clemons.

Voted: That the town accept and adopt the following amendment to its by-laws.

Chapter 14. The Selectmen shall appoint annually an inspector of wires.

Article 3

On Motion of M. E. Clemons.

Voted: That the selectmen be authorized to let, lease or sell at public auction the dwelling house on the land recently acquired from Emma A. Branch in Greenwood adjoining the school house lot.

Voted: That this meeting be dissolved.

Adjourned at 8.45 o'clock. Attendance 500.

ADJOURNED TOWN MEETING, APRIL 10, 1922

Meeting called to order at 8.45 P. M. by Moderator Eaton.

Article 4

Voted: That Article 4 be taken up.

Voted: That that portion of Article 4 relating to appropriation for compensation account be reconsidered.

Voted: That the vote whereby the town voted to raise and appropriate \$4,000.00 for the compensation account be rescinded.

Voted: That the town transfer the sum of \$2,500.00 from the New High School Account, and \$1,500.00 from the Appraisal of the Light Plant account to the Compensation account.

Voted: That that portion of Article 4 relating to appropriation for Light Plant be reconsidered.

Voted: That the vote whereby the town voted to raise and appropriate \$8,500.00 for the Light Plant account be rescinded.

Voted: That the town hereby fixes the salaries of the Municipal Light Commissioners at \$100.00 each and authorizes said Commissioners to pay said salaries out of the operation account.

Voted: That the Municipal Light Commissioners be authorized to transfer the sum of \$2,100.00 from the operation account to the construction account.

Voted: That that portion of article 4 relating to appropriation for Highway be reconsidered.

Amendment: That the maintenance account of the Highway Department be increased to \$56,600.00 and the additional sum of \$6,000.00 be raised and appropriated therefor.

Amendment carried and original motion as amended was then voted.

Voted: That this meeting be dissolved.

Adjourned 9.25.

TOWN MEETING, MAY 29, 1922

Meeting called to order at 7.40 P. M. by Moderator Eaton, who read the call for the meeting.

On Motion of M. E. S. Clemons.

Voted: That further reading of the warrant with the exception of the Constables' return be omitted. Constables' return read.

Article 1

On Motion by Finance Committee.

Voted: That the town authorize the Water and Sewerage Board to purchase and lay water mains, as described in article one.

Article 2

On Motion of M. E. S. Clemons.

Voted: That the treasurer, for the purposes set forth in Articles one and two of the warrant dated May 18, 1922 calling a special town meeting, May 29, 1922, be and hereby is authorized, with the approval of the Selectmen, to issue bonds or notes of the town in the aggregate sum of \$12,500.00 said bonds or notes to be payable as follows: \$1,500.00 in the year 1923, and \$1,000.00 in each of the years 1924 to 1934 both inclusive, and to bear interest payable semi-annually. All particulars as to form, date of issue and sale of said bonds or notes, to be determined by the Treasurer with the approval of the Selectmen. Said bonds shall bear on their face the words "Wakefield Water Loan, Act of 1922." Affirmative 30. Negative 0.

Article 3

On Motion of M. E. S. Clemons.

Voted: That the Beebe Library Building Committee is hereby authorized to have incorporated in the new library building such inscription as they may deem appropriate.

Article 4

A motion by Finance Committee to indefinitely postpone was lost.

On Motion of Wilder.

Voted: That the Board of Selectmen be and hereby is authorized to appoint an additional police officer, and the sum of \$1,210.00 be raised and appropriated therefor.

Article 1

Voted: That Article 1 be taken up.

Voted: That action under article one be reconsidered. (Unanimous vote.)

Voted: That the town authorize the Water and Sewerage Board to purchase and lay water mains as described in Article 1 and appropriate the sum of \$12,500.00 therefor.

Resolution:

By unanimous consent of the meeting, M. E. S. Clemons offered the following resolutions which were adopted.

That the Moderator appoint a committee of five to draw up resolutions on the death of Samuel K. Hamilton and to report the same at the next town meeting.

On Motion of F. H. Emerson.

Voted: That this meeting be now dissolved.

Adjourned at 8.45. Attendance 38.

TOWN MEETING, AUGUST 21, 1922

Meeting called to order at 7.35 P. M. by Moderator Eaton, who read the call for the meeting.

On Motion of F. H. Emerson.

Voted: That the further reading of the warrant with the exception of the Constables' return be omitted.

Article 1

On Motion of M. E. Clemons.

Voted: That the town accept and allow the re-location and alteration of that part of Greenwood Street which lies between Main Street and the location of the Boston & Maine Railroad, made by the Board of Selectmen in a report on file in the Town Clerk's office.

Article 2

On Motion of M. E. Clemons.

Voted: That the town accept section 37 of Chapter 82 of the General Laws (authorizing the establishment of a building line not more than forty (40) feet distance from a street line.)

Article 3

On Motion by Finance Committee.

Voted: That the town raise and appropriate the sum of \$625.00 for the purposes called for in Article 3.

Article 4

A motion by Finance Committee to indefinitely postpone, was lost. "Yes" 30. "No" 41.

A motion by Edson to refer to a Committee was lost. "Yes" 38. "No" 44.

After a discussion of about one hour on motion by M. E. S. Clemons.

Voted: That any further consideration of the subject matter of this article be postponed to the next annual town meeting, and that the Selectmen are hereby directed to insert a similar article in warrant for said meeting, and the Superintendent of Streets is hereby instructed to report a system of surface drainage for the Greenwood district.

Voted: That this meeting be dissolved.

Adjourned 9.05 P. M. Attendance 100.

Result of State Primary, Held September 12, 1922

TOWN MEETING, DECEMBER 27, 1922

Meeting called to order at 7.35 o'clock, P. M. by Moderator Eaton, who read the warrant and Constables' return thereon.

Article 1. To see if the town will appropriate the sum of \$50,000.00 for the construction and installation of transmission lines and conduits, and other extensions to the Municipal Light Plant in the electrical department, and authorize the treasurer with the approval of the Selectmen to issue the bonds, notes or scrip of the town to said amount, or any part thereof, to provide money for such construction and installation.—Marcus Beebe and others.

On Motion of Marcus Beebe.

Voted: That the sum of \$50,000.00 is hereby appropriated for the construction and installation of transmission lines and conduits, with necessary apparatus therefor and for extending the electric lighting plant within the town, and that the treasurer with the approval of the Selectmen is hereby authorized to borrow said sum of \$50,000.00 and issue notes or bonds of the town to an amount not exceeding \$50,000.00 all of said notes or bonds to be payable as follows: \$2,500.00 (in each of the years 1924 to 1943 inclusive), with interest payable semi-annually, all particulars as to date, interest, form, issuance and sale of said notes or bonds to be determined by the treasurer with the approval of the Selectmen.
Affirmative 48. Negative 0.

Voted: That this meeting be dissolved.

Attendance 56.

Report of Selectmen

To the Citizens of the Town of Wakefield:—

We herewith respectfully submit the annual report of the Board of Selectmen for the year ending December 31, 1922, together with the reports of the several departments under its control or supervision.

ORGANIZATION

The Board, consisting of Forrest A. Seavey, Edgar H. Peterson, Arthur L. Gardner, Arthur E. Newcomb, and Charles F. Young held its first meeting March 6, 1922. Forest A. Seavey was elected Chairman, Arthur L. Gardner, Secretary and H. A. Simonds was appointed clerk.

COMMITTEES

Street—Forest A. Seavey, Edgar H. Peterson, Arthur L. Gardner, Arthur E. Newcomb, Charles F. Young.

Military—Arthur L. Gardner and Charles F. Young.

Fire Department—Arthur E. Newcomb.

Police Department—Edgar H. Peterson.

Town Hall—Arthur E. Newcomb.

Licenses—Edgar H. Peterson, Forest A. Seavey, Charles F. Young.

APPOINTMENTS

Town Counsel—M. E. S. Clemons.

Superintendent of Streets—William R. Thompson.

Janitor of Hall—Harvey S. Parker.

Dog Officer—James J. Pollard.

Fire Inspector—Fred D. Graham.

Forest Warden—Fred D. Graham.

Town Accountant—Harry A. Simonds.

Registrar of Voters—Fred E. Bunker.

Inspector of Wires—Fred D. Graham.

Inspector of Buildings—Frank J. Henkel.

Compensation Agent—Frank J. Henkel.

Inspector of Animals—Palmer Corbett.

Keeper of Lockup—Joseph L. Preston.

Burial Agent—J. Warren Poland.

Agent, Care of Soldiers' Graves—J. Warren Poland.

Sweetser Lecture Committee—W. S. Perkins, H. M. Dolbeare, J. Lowe McMahon, Charles J. Peterson, J. Frank White.

Chief of Fire Department—Fred D. Graham.

Constables—Harry A. Simonds and Louis N. Tyzzer.

POLICE OFFICERS

John A. Meloney, W. G. Carley, G. O. Russell, James Findlay, W. F. Carley, A. D. Cate, G. F. Leach, Ernest Tyler, W. H. Murray, H. S. Parker, G. W. Couillard, A. P. Butler, J. D. Shannahan, F. C. Dunham, A. H. Ayscough, C. F. Riley, W. R. Thompson, H. G. Robinson, Morrison Merrill, Edward Barker, Edward Dulong, W. H. Jack, W. L. Young, M. W. Brown, D. E. Fessenden, Hardy Russell and Peter Curley, Clarence Forrest, Frank LeGro, Herbert T. Mitchell.

WEIGHERS OF COAL, COKE AND HAY

Thomas Hickey, William A. Hickey, Eugenia Ramsdell, Wilbur C. Crocker, Warren B. Wiley, L. E. Bennett, Donald E. Russ, George W. Carey, Willard P. Farwell.

AUCTIONEERS

David K. Shumway, Arthur S. Hill, Frederick S. Hartshorne.

POOL, BILLIARDS AND BOWLING

Richard Pepper, Joseph Migliory, Salvatore Guiliano, Devlin & O'Hara, Worcester Olympia Co., George H. Blodgett, Charles E. Randall.

MOTOR VEHICLE LICENSES

Harry A. Knowlton, Bates Motor Sales Co., Charles W. Classen, J. D. Stuart, Frank N. Curtis, Wakefield Buick Co., Inc., Barry's Garage, Henry D. Lovering, Charles S. Reardon.

PEDLARS' LICENSES

Walter P. Whitehead, Anthony DeCecca, Nichola Pirro, Fortunato DiVito, Thomas F. Kenney, H. B. Quint, Abraham Gotfried, John Gallucci, Chester W. Gould, Charles H. Freeman, George Katchwiely, Ralph P. Roberts, John H. Whepling, George C. Driscoll.

AWNINGS, SIGNS AND BANNERS

Chamber of Commerce, Charles W. Classen, Fred R. Meder, Frederick E. Burnham, Gaspara D'Agata, Richard Pepper, Haslam & Bussell, Inc., Joseph Cantone, Wilheminia C. Hanscom, W. H. Mason, H. A. Knowlton, Main Street Garage, American Awning & Tent Co., George Migliore.

MISCELLANEOUS LICENSES

Bonney & Dutton, William B. Hurd, Edward G. Nagle, David Ginsburg, Louis R. Meller, Barnet Gersonivitch, Frank A. Bartnick, Edward F. Bird, Lynnfield Community Bus Line, Sons of Italy, George H. Taylor Co.

The personnel of the Board of Selectmen was practically new; only two members having previously served, Mr. Peterson on last year's board and Mr. Seavey who had been a member and Chairman several years ago.

Pursuant to the policy of having the entire board responsible for matters pertaining to highway maintenance and improvement, an inspection was made by the entire board in March and in November of all the streets so that decisions regarding these matters might be made intelligently.

In order to provide proper sidewalk facilities for the approach to the new High School and to prevent future congestion of traffic in this vicinity, the necessary steps were taken to widen the westerly side of Main Street from West Water Street to beyond the new High School.

Several other matters of considerable importance have come before the Board and decisions made only after most careful consideration. Conferences have been held from time to time with the other boards of the town government on matters of mutual interest. It was necessary in joint session with the Board affected to fill two vacancies on the Light Board and one on the Board of Health.

The Board would express its appreciation of the assistance given by Town Accountant Harry A. Simonds and the advice of the Town Counsel Maynard E. S. Clemons, both being especially helpful this year.

FORREST A. SEAVEY, *Chairman*,
EDGAR H. PETERSON,
ARTHUR E. NEWCOMB,
CHARLES F. YOUNG,
ARTHUR L. GARDNER, *Secretary*.

Jan. 8, 1923.

Report of Planning Board

To the Honorable Board of Selectmen:—

Wakefield, Mass.

Gentlemen:—

The Town Planning Board has met regularly the past year and submits herewith its annual report.

Two new members of the Board, Mr. Charles F. Winter and Mr. E. M. Bridge, commenced their terms of office in the spring of the present year. In September the Board received and accepted with sincere regret the resignation of Dr. Curtis L. Sopher. The Board of Selectmen and the Planning Board, acting jointly, later filled this vacancy by electing Mr. Philip W. Foster to complete the unfinished term of Dr. Sopher.

The Department of Public Utilities has held many hearings at the State House for the consideration of transportation problems in and about Metropolitan Boston. This Board has had one or more of its members present at most of these hearings. Wakefield's particular problem in this connection, is the traffic by heavy trucks operated by out-of-town concerns down Lakeside and through Wakefield Square—causing a heavy and unjust maintenance charge upon the taxpayers of the town, and constituting an added danger to local machines, pedestrians and especially school children. Several meetings were held with the Reading Town Planning Board to consider a possible re-routing of this traffic. No mutually satisfactory route could be found however, and at a public hearing this Board demonstrated to the Department of Public Utilities by means of a carefully prepared statement containing the result of a count of trucks passing through Wakefield Square for a period of twenty-four hours: first, that Wakefield had a serious problem; second, that it was a problem which Wakefield, alone, could not solve. This subject is now before the Department for consideration.

Wakefield is but one of the towns in Metropolitan Boston which suffers from unco-ordinated transportation and planning. This Board, together with others from towns about Boston, at the invitation of the Malden Board met twice at Malden this fall. At these meetings a temporary organization was formed to further the formation of a Metropolitan Planning Board, to consider problems, of a Metropolitan character, such as transportation. The Wakefield Board was actively represented on some of the Committees, holding one Chairman ship.

The Wakefield Board was present at the Conference of the Massachusetts Federation of Planning Boards, held in Boston in November at the invitation

of the Governor of the State. As a result of the work at Malden and at the conference a Metropolitan Planning Board is now being formed. Wakefield may be as active in the work of this Board as it is willing to be.

The Planning Board requested and received from the Board of Selectmen the sum of one hundred dollars for the uses of the Board, especially in connection with the problem of zoning. With a part of this sum we have to date purchased several copies of the most up-to-date map of the town and the latest edition of the Insurance maps of the district. These maps were not however entirely suitable for the work of the Planning Board and a new map was authorized to be drawn up. This map is at the scale of 400' equal to one inch and is at present being brought to date through the active co-operation of the Board of Assessors. The original tracing will be the property of the Planning Board and for the first time in the town's history blue prints and black line prints of a town map will be available at a small cost to all departments of the town for use in keeping records and in planning out new work.

It is assumed that the citizens of Wakefield want the town to be not only bigger, but also decidedly better. To do this the town must put its house in order so that it may attract to itself high-grade industries and an intelligent and useful class of residents. A prominent statistician has recently made the statement that in the next five years more than one million people yearly will leave our larger cities and move into suburban districts, the result due largely to the tremendous increased use of the automobile for transportation. The same authority says, that in the same five years Boston, unless it enlarges its present boundaries, will show a lower population figure than it does today. Wakefield is in line to receive its share of this general exodus. Is it ready for this growth and prosperity?

It is time for Wakefield to look ahead and to plan now to insure a future development that will be for the best interests of the whole town. The most important and immediate problems confronting the town from the planning point of view are:

Better and wider main thoroughfares with proper connections and extensions of the minor streets.

A more adequate supervision and control of new plats and their co-ordination with each other and with existing street layouts.

A comprehensive study of the park and playground possibilities in Wakefield and a real program of development along these lines.

A scheme for expansion and development of school grounds so that every child will have a play space other than the public street. Each year this is delayed reduces the available opportunities and increases the ultimate cost.

And, lastly the establishment of a zoning ordinance controlling and safeguarding the use of all property within the town.

The least expensive improvement in town affairs and perhaps the most far reaching and important is the careful preparation and acceptance of a compre-

hensive town plan and zoning ordinance. Wakefield is going to continue to grow in size. It will either grow in the usual haphazard disorderly expensive way which characterizes the past of American cities and towns, causing the most serious of these present problems, or it will grow in an orderly intelligent and economical way. The only way for Wakefield to grow correctly is in accordance with and subject to the restrictions of intelligent guidance.

We quote from the recent report of the Boston Planning Board—"Without attempting to set before you at this time all the benefits which would accrue from the adoption of a comprehensive zoning plan, we would mention briefly that it would stabilize property values, protect residential districts from the encroachment of business and commercial interests, relieve industrial districts of the hampering residential requirements, and in other ways tend to promote and encourage the development of the city along orderly progressive lines,—At the present time about thirty cities throughout the United States have adopted zoning plans and fully as many more have the matter under consideration. In every single instance, so far as the Planning Board is able to ascertain, the work is being carried on with the assistance of expert advice and opinion."

The advantages of zoning or districting plans are being so generally recognized, that although the tendency is not yet apparent here—yet in the not far distant future, the unzoned town will become the refuge of undesirable and nuisance industries, with the attendant congestion of population with its problems of education, Americanization and police protection, while desirable additions seek other localities where they can be assured of the protection which zoning affords.

The improvements and developments outlined above are essential to the betterment and growth of the town and must be made sooner or later. They do not all have to be made at once but plans should be prepared now and the actual work done as opportunity and funds permit. Unless this is done development will drift along in the usual haphazard way and the citizens will pay more than double for every improvement that has to be made in the future through force of necessity.

To adequately investigate existing conditions, to carefully study the problems involved and to prepare plans and secure proper technical advice for their right solution will require that there be an appropriation from the town at the disposal of the Planning Board. For the year 1923 we believe that \$2,000.00 can be profitably spent on such work and that the immediate return to the town will be many times this amount, while the prevention of mistakes and the provision for desirable future growth and development will be all out of proportion to the sum involved.

Respectfully submitted,

HUBBARD B. MANSFIELD,
E. M. BRIDGE,
CHARLES F. WINTER,
FRANK T. WOODBURY,
PHILIP W. FOSTER.

Jan. 9, 1923.

Report of Inspector of Buildings

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith respectfully submit report for year ending December 31, 1922.

Number of building permits issued 275, for following purposes:

Single dwellings	80
Two family dwellings	9
Additions to dwellings	32
Remodelled dwellings	2
Summer camps	3
Stores	5
Addition of 4 stoves and alterations, old Armory	1
Community Store building, 6 stores	1
Convalescent rest home	1
Church addition and interior alterations	1
Sunday School Hall and Chapel	1
Hall and club building	1
Barns	4
Sheds	5
Stable	1
Hen houses	7
Green houses	2
Boiler rooms	2
Building for potting plants	1
Garages	97
Service Garage additions	2
Employees Garage for day storage	1
Community Garage addition	1
Miscellaneous	15

Approximate estimate of costs as submitted by applicants \$544,954.00.

Building and elevator inspections have been made.

I have examined 53 rooms in lodging houses and found safety ropes in proper shape as required by law in each; also fire escapes and exits.

Building and elevator inspections have been made, unsafe buildings examined and improved, given much time in an endeavor to have owners cease having roof water flow on sidewalks, especially in cold weather, making sidewalks unsafe, and succeeding in some instances in having these conditions improved.

Respectfully submitted,

FRANK J. HENKEL,

Building Inspector.

Report of Inspector of Animals

To the Honorable Board of Selectmen:

Dear Sirs:—

I herewith submit my Annual Report, as Inspector of Animals.

I have found no cases of Hog Cholera this year. There were fourteen (14) cases of Hemorrhagic Septicemia, and four cases of Tubercular Cows. Those condemned, were disposed of. There were also two (2) Tubercular hogs.

Respectfully submitted,

DR. PALMER CORBETT.

Report of the Moth Department

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith submit my report as Supt. of the Moth Department for 1922.

This year we have trimmed about half the trees injured in the sleet storm of last year and expect to be able to finish up that work this year.

The condition of the Gypsy and Browntail Moths is improving and we are finding fewer infestations each year. This year \$1,425.97 was spent for spraying, \$1,601.31 for creosoting and \$4,877.03 for trimming trees injured by last year's storm.

Respectfully yours,

JOHN A. LANDRY,

Moth Superintendent.

Report of the Sealer of Weights
and Measures

Wakefield, Mass., Dec. 18, 1922.

A. A. MANSFIELD,

Sealer of Weights and Measures.

Report of Workmen's Compensation Agent

*To the Honorable Board of Selectmen,
Wakefield, Mass.*

Gentlemen:—

There were six employees injured during the past year who received compensation. Three of this number received specific compensation, one of these for the amputation of finger at first joint, \$120.00, another for the loss of the use of finger at first joint due to permanent stiffness, \$120.00. the third one Mr. Levi Muse in addition to regular compensation of \$16.00 per week, until the same amounts to \$4,000.00, also \$10.00 per week for 100 weeks specific compensation, \$1,000.00 for the loss of both hands by amputation. This is the case mentioned in last year's report, both hands were electrically burned, and while every effort was made to save his arms, it was necessary to amputate both to save the patient's life.

This has been the most distressing case that the town has had in its experience of compensation insurance. The young man was entirely helpless. I am quite sure the citizens will appreciate the action of the various town officials who approved and authorized the securing for Mr. Muse two of the best artificial arms to be had, the expense of these was \$500.00 for arms and \$52.85 for expense to New York for instruction to use same.

In a short time Mr. Muse was able to write, and was very happy to not be helpless, but able to help himself, I might add that Mr. Muse has received and is receiving the maximum amount of compensation according to the Industrial Accident Compensation Insurance Act.

Also payments have been made for year of \$10.00 per week, on death case continued from last year.

There were fifteen (15) employees slightly injured who received medical treatment only.

I have attended a number of consultations and hearings by Accident Board, at State House in connection with cases.

The expenditures have been for compensation \$2,733.29. The balance for Medical treatment, Hospital and other charges. Total, \$3,787.33. A detailed statement may be found in the Town Accountant's report.

Respectfully submitted,

FRANK J. HENKEL,

Compensation Agent.

Report of Town Counsel

To the Honorable Board of Selectmen:

Town of Wakefield.

Gentlemen:—

Following is my report for the year 1922.

The suit for \$15,000.00 brought by Richardson, Driver et al against the town for services as architects for High School after many conferences was settled for \$2,400.00, the amount the committee under advice originally offered on this claim.

Suit by Bates Motor Sales Co. against town for repairs to former light plant manager's automobile was disposed of without trial by discontinuance by plaintiff, the former manager paying the bill.

Personal taxes have been collected through this department to the amount of \$856.88.

Titles have been examined of property taken over by the town and in one case because of defective title the matter (land on Crystal Lake) will have to again be acted on in town meeting.

A considerable amount of time has been consumed in arranging for sale of some old tax titles which brought in \$400.00. There remain many dollars of the town in old tax titles.

For the poor department I have brought one suit for \$1,500.00 and one in equity to compel support. These are pending.

There are pending against the town five highway accident cases and one for alleged negligence of the gas department.

Contracts and bonds have been passed upon and many opinions given to the different departments of the town.

Respectfully submitted,

M. E. S. CLEMONS,

Town Counsel.

Report of the Chief of Police

Wakefield, Mass., January 1, 1923.

Wires burning trees and reported.....	5
Water running to waste and reported.....	9

I have collected in non-support cases \$2,320.00 and have paid the same by check.

On duty calls 23,700.

RECOMMENDATIONS

I strongly urge the addition of three more men to the force.

One man for night duty on the west side for the District west of Chestnut Street.

One man for night duty in the Greenwood Section for the District south of Forest Street.

One man for day-duty in the Greenwood Section.

It is a well known fact that these sections that I have mentioned are growing fast and should have police protection.

I also recommend that a police signal system be installed; this is much needed as at the present time it is very important that the officers have a chance to call the office at once and also that the officer in charge at the office may have a chance to notify the men on the street at once in case of emergency.

DISCIPLINE

The members of this department have conducted themselves in a creditable manner and have done their duty, and I want to thank them.

CONCLUSION

To your Honorable Board, and to his Honor Judge Charles M. Bruce, and his associates Thomas P. Riley, Willis Stover, and to the Clerk, Wilfred B. Tyler, and his assistant, Henry C. Bacon, and to each and every person who have assisted and remembered this Department, I wish to extend my sincere thanks.

Respectfully submitted,

JAMES J. POLLARD,

Chief of Police.

Report of Forest Warden

To the Honorable Board of Selectmen:

Gentlemen:

During the year 1922 there was a total of 107 woods and grass fires, and the cost to extinguish same is as follows:

Appropriation made, March.....	\$150.00
Expended as per pay rolls (total cost).....	148.50
	<hr/>
	\$1.50

Respectfully submitted,

F. D. GRAHAM,

Forest Warden.

Report of Chief of Fire Department

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith submit the Annual Report of the Fire Department for the year ending December 31, 1922, with the total alarms, together with their losses on same as near as possible to obtain.

APPARATUS

There are at the present time 9 pieces of apparatus in this department, divided as follows:

One Triple Combination put in service October 1912. Is equipped with pump, chemical tank, 1,100 feet of $2\frac{1}{2}$ inch hose, together with such other equipment necessary.

One Combination Service truck put in service September, 1914. Is equipped with 310 feet of ladders, one chemical tank, 1 oxygen tank for resuscitation work, together with 500 feet of $2\frac{1}{2}$ inch hose and much other equipment.

One Auto Combination put in service in 1920. Carries 1,000 feet of $2\frac{1}{2}$ inch hose, chemical tank, and other necessary equipment.

One Auto Squad wagon put in service in 1914. A new water gun has been mounted on this machine capable of delivering 1,100 gallons of water per minute by the connection of four $2\frac{1}{2}$ inch hose lines, and carries much other smaller equipment.

One Auto Combination at the Greenwood Station. Is equipped with 800 feet of $2\frac{1}{2}$ inch hose, chemical tank, and other equipment. Put in service in 1914.

One horse drawn wagon stationed at Montrose, put in service in 1893. Carries 800 feet of $2\frac{1}{2}$ inch hose and other equipment.

One Buick Chief's car put in service in 1921. This machine has proved a valuable addition to the department.

There is in reserve 2 steam fire engines, both in good condition. The Silsby engine put in service in 1882. The Amoskeag engine put in service in 1907.

RECORD OF FIRES

During the year the department has responded to 188 alarms, divided as follows: 147 still alarms and 41 box alarms. The box alarms and the still alarms which involved loss are as follows:

Wednesday, January 11, 5.38 p. m. Still alarm. Electric car on Albion Street. Owned by the Eastern Mass. St. Ry. Loss, \$150.00.

Friday, January 27, 9.03 a. m. Box 32. Garage, Water Street. Owned by Joseph Longo. Loss, small. Cause, unknown.

Saturday, February 4, 10.40 p. m. Dwelling house, 10 Hart Street. Occupied by Joseph Petrucci. Loss, \$45.00. Cause, child playing with matches.

Sunday, February 12, 10.08 p. m. Box 12. Main Street, Greenwood. No loss. Cause, smoke from salamander.

Saturday, February 25, 1.15 p. m. Dwelling house, 23 Salem Street. Owned and occupied by Gerhard Von Klock. Loss, \$225.00. Cause: Electric iron.

Monday, March 6, 9.44 a. m. Box 35. Store, Albion Street. Occupied by Direct Importing Co. No loss. Cause: kettle of fat boiling over.

Monday, March 6, 2.08 p. m. Box 29. Dwelling house, 10 Hillside Ave. Owned and occupied by Chester A. Phillips. Loss, \$175.00. Cause, sparks from chimney.

Saturday, March 11, 6.50 p. m. Box 116. False Alarm.

Saturday, March 18, 12.30 p. m. Box 6. Town Almshouse, Farm Street. Owned by Town of Wakefield. Loss, \$1,200.00. Cause, sparks from chimney.

Saturday, March 18, 7.07 p. m. Still alarm followed by box 27. Dwelling house, 67 West Chestnut St. Owned by Wakefield Building Association. Occupied by H. N. Cummings. Loss, \$10.00. Cause, sparks from chimney.

Saturday, March 18, 9.03 p. m. Still alarm. Motor Cycle shop, 107 Albion Street. Owned by C. F. Woodward. Occupied by Charles and Frank Martin. Loss, \$5.00. Cause, sparks from incinerator.

Sunday, March 19, 12.07 p. m. Box 44. Brush fire.

Sunday, March 19, 6.36 p. m. Box 113. Chimney fire 52 Renwick Road. No loss. Cause, soot in chimney.

Sunday, March 26, 3.42 p. m. Box 116. Brush fire, Harrison Ave. Needless alarm.

Wednesday, March 29, 4.47 p. m. Box 14. Auto truck. Loss, \$10.00. Cause, short circuit in wiring.

Thursday, March 30, 10.15 a. m. Box 46. Dwelling house, 147 Lowell Street. Owned and occupied by Giovanni Bevilaegua. Loss, \$750.00. Cause gas stove.

Friday, April 7, 7.05 a. m. Box 23. Ford Touring car. Loss, \$50.00. Cause, careless smoking.

Wednesday, April 19, 1.55 p. m. Box 56. Dwelling house, 206 Salem Street. Occupied by Ambrose Shea. No loss. Cause, smoky heater.

Saturday, April 29, 3.10 p. m. Box 7. Dwelling house, 15 Traverse Street. Owned by George H. Taylor. Occupied by Charles Doles and Charles Zhwyske. Loss, \$100.00. Cause, sparks from chimney.

Wednesday, May 3, 3.35 p. m. Still alarm followed by Box 58. Woods fire, Montrose Ave. Cause, fire escaped control of party burning.

Wednesday, May 3, 5.04 p. m. Still alarm. Dwelling house, 67 Myrtle Ave. Owned and occupied by Charles H. Thomas. Loss, \$150.00. Cause, drying clothes too near gas oven.

Thursday, May 4, 4.55 a. m. Box 32. Shoe factory, Water Street. Owned by Antonio Giuquinta. Occupied by Wakefield Shoe Mfg. Co. Loss, \$700.00. Cause, drying shoes too near gas heater.

Wednesday, May 10, 7.19 p. m. Box 51. Coal shed, Salem Street. Owned by L. E. Bennett. Loss, small. Cause, sparks from locomotive.

Saturday, May 13, 11.55 p. m. Still alarm followed by box 13. Dwelling house, Druid Hill Ave. Owned by Edward Hutchinson, 2 Canal Street, Medford. Total loss. Cause, unknown.

Wednesday, May 24, 11.12 a. m. Box 51. Dwelling house, 227 Vernon Street. Owned and occupied by John Poland. No loss. Cause, children playing with matches in cellar.

Friday, May 26, 10.48 P. M. Box 28. False alarm.

Monday, May 29, 8.25 p. m. Still alarm. Dwelling house, 18 Water Street. Occupied by Mrs. Sophie Muse. Loss, small. Cause, careless smoking.

Wednesday, June 14, 9.42 p. m. Box 32. Variety store, Water Street. Owned and occupied by C. Bonfanti. Loss, \$1,835.00. Cause:

Thursday, June 29. 4 P. m. Box 8. Out-house. Hart St. Owned by Pasquale Leone. Loss, \$10.00. Cause:

Saturday, July 1, 1.10 a. m. Box 9. Dwelling house, 144 Water Street. Owned and occupied by Mrs. Agnes Farrington. Loss \$15.00. Cause, careless smoking in bed.

Wednesday, July 12, 12.28 a. m. Box 8. Dwelling house, 7 Bateman Court. Owned and occupied by Ralph Mauriello. Loss, \$180.00. Cause, probably rats.

Monday, July 17, 8.25 a. m. Still alarm. Automobile owned by A. C. Saunders. Loss, small. Cause, short circuit in wiring.

Sunday, July 23, still alarm at 2.37 a. m., followed by Box 118 at 2.40 a. m. Dwelling house, 39 Charles St. Owned and occupied by Harry Bronson. Loss, \$140.00. Cause, electric iron.

Wednesday, August 23, 3.50 p. m. Box 56. No fire. Cause, horse in cellar hole.

Saturday, September 16, Box 12 blows. Out of town call to Lynnfield Centre. Barn owned by Minot H. Carter.

Sunday, September 17, 7.40 p. m. Box 113. Dwelling house, Renwick Road. Owned and occupied by W. I. Olmstead. No loss. Cause, soot in chimney.

Wednesday, September 20, 7.07 a. m. Still alarm. Coal truck owned by Curley Bros. Loss, about \$1000. Cause, filling gasoline tank with motor running.

Saturday, September 23, 11.05 a. m. Still alarm. Dwelling house, 7 Park Street, Greenwood. Owned and occupied by Viva A. Gould. Loss, small. Cause, heat from gas plate.

Wednesday, October 4, 2.30 p. m. Still alarm. Small shack, North Street. Owned by Achilli Carbone. Loss, \$150.00. Cause, short circuit on wires.

Thursday, October 12, 3.52 p. m. Box 35. Taylor Building, Lincoln Street. Owned by George H. Taylor. Occupied by E. G. Willard's Laundry. Loss, \$500.00. Cause, blower for clothes dryer.

CONCLUSION

In closing this report I wish to return my sincere thanks to the Honorable Board of Selectmen, also to Selectman Arthur E. Newcomb, Committee on the Fire Department, for the interest manifested by them all in matters pertaining to this department during the past year.

To the various other departments who have rendered valuable assistance to the Fire Department, during the past year.

My thanks are also due to each officer and member of the department for their prompt and faithful discharge of their duty the past year.

To the department physician Dr. C. L. Sopher for his valuable aid to injured members of this department.

For appropriations and expenditures see Town Accountant's report.

Respectfully submitted,

F. D. GRAHAM,

Chief of Department.

Report of Inspector of Wires

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith submit my annual report as Inspector of Wires in compliance with the vote of the Town of 1922.

There was a total of 534 inspections made. All defects found were made to conform with the National Code.

Respectfully submitted,

F. D. GRAHAM,

Wire Inspector.

Report of Highway Engineer

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit report of work done by the Highway Department for the year ending December 31, 1922.

The appropriations expended were as follows:

	<i>Appropriated</i>	<i>Expended</i>	<i>Balance</i>	
(1) General Highways.....	\$56,600.00	\$56,571.83	\$28.17	
(2) Permanent Construction.....	10,000.00	9,968.29	31.71	
(3) Water Street	{ State, County, and Town each paying <i>one third</i>	9,000.00	8,998.72	1.28
(4) New Barn	{ Balance from 1921	3,348.80	3,337.62	11.18
<hr/>				
Totals.....	\$78,948.80	\$78,876.46	\$72.34	

The following explanation of the above appropriations will be taken in the order named.

(1) GENERAL HIGHWAYS.....

Appropriation.....	\$56,600.00
Expended.....	56,571.83
Balance.....	\$28.17

Subdivided as follows:

	1922	1922
	<i>Allotment</i>	<i>Expended</i>
Vacations.....	\$465.00	\$1,032.75
Auto.....	900.00	1,017.31
Stable.....	2,300.00	1,153.64
Sidewalks.....	14,000.00	6,879.11
Patrol.....	1,500.00	1,119.71
Snow.....	4,200.00	4,393.76
General Maintenance.....	7,900.00	7,125.45
Section No. 1.....	1,510.81	1,813.67
“ “ 2.....	4,228.87	9,047.64
“ “ 3.....	1,888.51	4,819.97

Section No. 4.....	2,643.91	3,512.38
“ “ 5.....	1,888.51	1,245.20
“ “ 6.....	1,699.66	2,010.29
“ “ 7.....	2,832.77	3,810.72
“ “ 8.....	1,133.11	1,639.63
“ “ 9.....	1,133.11	798.48
Retreating.....	3,875.74	2,652.12
Salary.....	2,500.00	2,500.00
	<hr/>	
	\$56,600.00	\$56,571.83

(2) PERMANENT CONSTRUCTION

Appropriation.....	\$10,000.00	
Expended.....	9,968.29	
	<hr/>	
Balance.....		\$31.71

A bituminous macadam road was constructed the entire length of Park Avenue, approximately 5,316 square yards were laid—or at a cost of \$1.88 per square yard.

The bituminous binder used was Standard Oil Co's "Binder B."

(3) WATER STREET

Appropriation.....	\$9,000.00	
Expended.....	8,998.72	
	<hr/>	
Balance.....		\$1.28

This construction was done under the direct supervision of the Commonwealth and the cost of same was apportioned so as the Commonwealth, County and Town of Wakefield each paid one third.

The construction consisted of a bituminous macadam surface (Bermudez Asphalt for a Binder) and three (3) catch basins for surface water—Approximately 4,200 square yards were laid at a cost of \$2.13 per square yard.

The construction commenced at Brook Avenue and extended easterly for 2100 feet.

If \$12,000.00 is appropriated next year the construction could be completed to the Saugus Line.

(4) NEW BARN

Balance from 1921.....	\$3,348.80	
Expended.....	3,337.62	
	<hr/>	
Balance.....		\$11.18

The new Highway Department's Barn was painted inside and out and seven sheds were erected on North Avenue, opposite the B. & M. R. R. Freight Office.

As the Town Accountant gives a detailed report of the Highway Department I consider it unnecessary to include such detail in my report. I kindly refer you to his report.

I make the following recommendation for Highway appropriation for 1923.

General Highways.....		\$59,000.00
Permanent Construction.....		10,000.00
Water Street.....	{ State to pay 4,000.00 County to pay 4,000.00 }	4,000.00
Lakeside.....	{ State and County together to pay \$18,000.00 }	18,000.00
Total.....		\$91,000.00

I desire to express my appreciation to the Honorable Board of Selectmen for courtesies extended and to all Town Departments for their co-operation extended.

W. R. THOMPSON,

Engineer and Supt. of Streets.

Report of Sweetser Lecture Committee

REPORT OF LIBRARY TRUSTEES

The Trustees of the Beebe Town Library present the sixty-seventh annual report of the Board of Trustees for the calendar year, 1922.

Throughout the year interest in the new Library building has constantly increased. On the afternoon of March 17, the corner stone was laid with appropriate exercises. Mr. Harris M. Dolbeare, Chairman of the Building Committee told a little of the work of his committee and also showed the box to be placed under the corner stone and told what it contained. Mr. W. S. Ripley, Jr., Chairman of the Library Trustees gave a brief history of the Library and told something about the plans of the new building. Miss Lucia Beebe (now Mrs. Albert W. Rockwood) then smoothed the cement over the box with a silver trowel, properly inscribed. The exercises closed with America sung by the school children led by Mr. C. Albert Jones.

The generosity of the Beebe family has done much for the town. In Town Meeting in April 1868, Mr. Lilley Eaton, Chairman of the Board of Library Trustees, presented their report and moved "that in view of Lucius Beebe, Esquire's having presented the town \$500.00 for purposes of the Library, that the thanks of the town be presented to Mr. Beebe for his generous gift, and that the Public Library be hereafter known as the Beebe Public Library of Wakefield." This motion was carried.

In 1901, Mr. Cyrus Gilbert Beebe, a son, left a fund of \$2,000.00, the income thereof to be used by the Trustees of the Library in the purchase of books and periodicals.

In 1919 another son, Mr. Junius Beebe, gave a fund of \$20,000.00, three fourths of the income of which is to be used each year for the purchase of books and one fourth to be added to the principal.

In 1922, Mr. Frederic Beebe of Malden left to the Library a fund of \$1,000.00 the income to be used for the purchase of books.

Recently still further gifts have been added to the previous generosity of the family. Mrs. Decius Beebe of Melrose has given a fund of \$5,000.00 in memory of her late husband to be known as the Decius Beebe Trust. Ninety percent. of the income is to be expended for the purchase of books exclusively for children, the other ten percent to revert to the fund until the principal amounts to \$20,000.00 after which the entire income will be available for the purchase of children's books.

A fund of \$10,000.00 has been set aside by Marcus Beebe of Malden, ninety percent. of the income to be expended for the general purchase of books, the remaining ten percent. to revert to the fund as in the case of the Decius Beebe Trust. When this fund amounts to \$20,000.00 the entire income will be available.

In addition to these Trust Funds, Mr. Junius Beebe has given the Town of Wakefield in honor of his father and mother, Lucius and Sylenda Morris Beebe, a Memorial Building which is second to none. The citizens are to be congratulated on the generosity of these loyal friends, a generosity which means so much in the life and education of the reading public.

A beautiful new flag has been presented to the Library by the Julia Ward Howe Tent, 49, Daughters of Veterans and to the members, the Trustees again extend their thanks.

It has seemed wise to the Trustees to be doing everything possible toward making the break between the old and the new with the least possible disturbance to the routine. With this end in view, the Newark charging system has been adopted and installed and changes in the borrower's cards have been made. These changes have meant extra work for the staff, but every member has worked loyally and the Trustees wish to express their thanks for the cheerful co-operation shown.

As in previous years the Kosmos Club has carried on a Story Telling Hour for children. During the winter months a committee of which Mrs. Louis Montaney was Chairman, conducted these hours on ten Saturday mornings with a total attendance of 579.

Closer relations with the schools have been established in two ways. In October fifty books were sent to the Woodville School and when they were returned in December it was found that these books had circulated one hundred and seventy eight (178) times. The experiment has been worth while and more books will be sent.

Miss Lee gave a talk on "Children's Reading and the Opportunities of the Children's Room in the new Library" before the Hurd School Parent-Teacher's

Association and through the courtesy of Mr. H. M. Dolbeare, this was printed in the Daily Item. By this means the book list given by Miss Lee was made available for parents throughout the town.

The circulation of the Beebe Town Library continues to increase. The report for the current year shows an increase of two thousand seven hundred and ninety eight (2,798), making a total circulation for the year of 96,798 volumes.

On December 11, the new plan of allowing any "reasonable" number of books to be borrowed on an adult's card, only one to be a Seven Day book, was started and it has proved very popular with the public.

There have been some changes in the staff during the year, particularly in the Greenwood Branch. In November, Mrs. Idabelle F. Studley resigned on account of her marriage to Mr. Harry True and within a very short time, another vacancy was caused by the death of Mrs. Cora MacQuarrie. Mrs. MacQuarrie had worked wholly at the Branch and Mrs. Studley had worked at both the Main Library and the Branch since joining the staff in 1909. The Trustees regret the loss of these faithful members of the staff.

Miss E. Adelaide Whittier of Melrose Highlands has been secured as a general assistant. She has worked as a junior assistant in the Melrose Public Library and is thoroughly qualified.

Miss Ruth Shattuck of Swampscott, now employed at Danbury, Conn., has been engaged as First Assistant and Children's Librarian and will begin her service when the new building is available.

With the opening of the new Library building, a much larger appropriation will be needed for the work of the Library. For the ensuing year, the Trustees recommend for the Library appropriation thirteen thousand, nine hundred and seventy-five dollars (\$13,975).

FLORENCE L. BEAN,

Secretary of the Library Trustees.

LIBRARIAN'S REPORT

To the Trustees of the Beebe Public Library, the Librarian submits the following report for the year, 1922.

The circulation for the year is 96,798, showing a gain of 2,798.

With the increasing income from trust funds, many books have been purchased on request of patrons.

Books have also been presented to the Library and a list of donors follows later in this report.

Some changes have been made in the borrowers' cards and in various labels, preliminary to further changes when we occupy the new Library.

There have been several changes in the staff. On October first, Bradford Newcomb, who has had charge of the Reading Room on Sunday afternoons, resigned, as he was leaving town and Richard Mumford, a senior in the High School, was appointed to fill this vacancy. At the Greenwood Branch, Mrs. Idabelle F. Studley married and resigned on November first. Before her resignation took effect, Mrs. Cora MacQuarrie, her assistant, was taken very suddenly and seriously ill and died. This complete loss at the Branch of two faithful assistants has made a great change. Miss Olive L. Eaton of the main Library and Miss Frances Lee are there for the present. The room has been somewhat rearranged and more shelving for books added.

The receipts and expenditures of the year are as follows:

Library and Reading Room

13th Annual Report of the Wakefield Water and Sewerage Board

The Wakefield Water and Sewerage Board presents herewith its Annual Report covering the operations of the Department for the year 1922. Detailed figures will be found under the report given by the Town Accountant.

<i>Receipts</i>		<i>Expenses</i>	
Water Rates.....	\$57,368.56	Maintenance.....	\$26,821.82
Services.....	4,644.81	Services.....	4,742.69
Rents, etc.....	413.20	Construction.....	2,988.30
		Bonds, retired.....	14,000.00
		Interest on debt.....	5,851.25
		Com. salaries.....	300.00
			\$54,704.06
		Credit balance.....	7,722.51
			\$62,426.57
	\$62,426.57		

The above statement shows that the receipts of the Water Department were \$7,722.51 more than our expenditures for the year 1922.

All bills have been paid up to and including December 31st so the Department enters the new year with no current indebtedness.

We feel we should again call the attention of the Town to the weakened condition of many of our street mains. Extensive re-laying has already been begun, as our Superintendent's report will show, and we aim to continue these replacements where necessary, especially on the streets where surface improvements are called for by the plans of the Board of Selectmen. As the cost of re-laying these mains has to be borne solely by the water-takers, through the regular water service bills, it seems fair to expect that the Town will approve our suggestion that our large profit for 1922 shall be appropriated back to the Department for permanent replacement work. It might well be turned over as against the cost of relaying our mains on Lakeside, as will be necessary if the Town adopts the proposal of the Board of Selectmen to re-build that street this year.

We wish also to emphasize that the re-laying of pipes on Main and Water Streets this year now gives the Town a new complete cast iron system all the

way through from our Pumping Station to the Square; also down Water Street to the corner of Valley Street. The fire risk in the business section of the Town has, therefore, been considerably reduced.

The Superintendent's report, which follows, gives complete details regarding construction, services, improvements, etc., which may be of interest to the Town.

Respectfully submitted,

A. S. HILL,
H. M. WHEELER,
S. A. DEARBORN.

SUPERINTENDENT'S REPORT

New Construction (Water)

The following extensions have been made:—

Walter Avenue, 300 feet of 6 inch C. I. pipe.

Newell Road, 760 feet of 6 inch C. I pipe.

Fox Street, 580 feet of 6 inch C. I .Pipe.

Fox Street, 110 feet of 2 inch W. I. galvanized pipe.

Mountain Avenue, 135 feet of 6 inch C. I. Pipe.

Green Street, 229 feet of 6 inch C. I. pipe.

Shady Avenue, 700 feet of 2 inch W. I galvanized pipe.

Minot Street, 182 feet of 2 inch W. I. galvanized pipe.

Strathmore Road, 198 feet of 6 inch C. I. pipe.

Salem Street, 130 feet of 6 inch C. I. pipe.

Court Street, 292 feet of 2 inch W. I. galvanized pipe.

Frank Street, 126 feet of 1¼ inch W. I. galvanized pipe.

Services

New Services added during the year.....	98
Services re-laid during the year.....	8
Number of feet of new pipe laid on public land.....	2,112
Number of feet of new pipe laid on private land.....	3,634
Number of feet of pipe re-laid on public land.....	126
Number of feet of pipe re-laid on private land.....	254

Hydrants

New hydrants have been installed as follows:

Green Street, corner Shady Avenue.

Main Street, corner Armory Street.

Lake Street, corner Ballister Street.

Mountain Avenue, corner Albion Street.

Newell Road, corner Walter Avenue.

Newell Road, corner Fox Road.

Fox Road, 350 feet north of Mountain Avenue.

In addition to these, a private hydrant was installed at the L. B. Evans Shoe Company's yard.

The hydrant located at the new High School on Main Street, and the one on Water Street, corner Main Street, were replaced by larger ones, which provide ample service for two auto pumpers or steamers at each hydrant.

Gates

All gates have received the usual inspection, and all have been closed and opened at least once during the year.

Improvements

A new roof has been put on the meter room, at the Pumping Station.

The electric indicator wires between the Pumping Station, and the stand pipe have been repaired, the poles being reset and new wire run to replace the old wire.

The main pipe on Water Street from Wiley Street to the Saugus line has been lowered to a depth of five feet to prevent freezing, as this pipe has caused much trouble in cold weather in years past.

The main pipe on Park Avenue from Morrison Road to the house of E. Ulrici has been re-laid with Cast Iron pipe and lowered to a depth of five feet to prevent freezing, as this pipe has also caused much trouble due to freezing.

A gate has been installed at the corner of Nahant Street and Oak Street to enable the water takers on Nahant Street, south of Oak Street to get water and fire protection when a break occurs on Nahant Street, north of Oak Street.

The engines and equipment at the Pumping Station are being painted, which will add greatly to the appearance of the interior of the Station.

New Equipment

A recording gauge has been installed at the Pumping Station whereby any variation in water pressure due to leaks, broken hydrants, starting and stopping the pumps is recorded on the chart of the gauge.

Water Pumped During the Year

	1922	1921
January.....	21,607,902	17,637,517
February.....	20,373,761	16,590,637
March.....	22,957,786	18,850,718

October.....	20,094,285	17,760,112
November.....	19,697,630	18,871,559
December.....	21,132,717	20,656,253
Total.....	250,299,516	226,293,361

Average Daily Pumping—1922—685,752 Gals. 1921—619,981 Gals.

Average daily per head of estimated population.

1922—52.7 Gallons.....1921—47.6 Gallons.

Water Supply

Crystal Lake still continues to serve the Town as a water supply, and the water consumed by the inhabitants of Wakefield, is as good, if not better than the average water supply in Eastern Massachusetts.

The water is analyzed each week, by Weston and Sampson, Chemical Engineers.

Reconstruction

On Main Street from Richardson Street to Water Street, 20" Cast Iron pipe was laid, a distance of 100 feet, the remaining distance, 625 feet, was laid with 16" Cast Iron pipe. This pipe replaces a 10" cement, sheet iron pipe laid in 1883.

On Water Street, from Main Street to Valley Street 8" Cast Iron pipe was laid to replace an 8" cement, sheet iron pipe which was laid in 1883, this pipe like the Main Street pipe has caused much trouble, due to breaks in the last few years.

In connection with this work all branch mains leading to side street were re-laid with Cast Iron pipe as far as the gate controlling that street. This work was greatly needed and has improved the water pressure greatly.

Sewer Construction

On Aborn Avenue, 100 feet of 6" tile sewer was laid to opposite house of George Daland.

On Prospect Street, 341 feet of 8" tile sewer was laid to opposite house of A. D. Cate.

On Albion Street from Gould Street, west to Jordan Avenue, an 8" tile sewer was laid, a distance of 619 feet.

On Jordan Avenue, from Albion Street, north to Walter Avenue an 8" tile sewer was laid, a distance of 325 feet.

On Walter Avenue, from Jordan Avenue, west to Newell Road, an 8" tile sewer was laid, a distance of 305 feet.

On Newell Road, 631 feet of 8" tile sewer was laid, from the intersection of Fox Road, south.

On Fox Road, 372 feet of 8" tile sewer was laid from the intersection of Newell Road south, also 115 feet of 8" tile sewer was laid east of Newell Road.

On private way, west from Cedar Street, a 6" tile sewer was laid a distance of 72 feet.

Maintenance

The system has received the regular cleaning and inspection.

On inspection it was discovered that 336 feet of 8" tile sewer had settled, causing frequent stoppages on Richardson Street. This was taken up and re-laid with re-inforced concrete for a foundation, and is now giving excellent service.

Sewer Connections

Applications for house connections to date.....	1,133
Number of connections made.....	1,001
Number of connections made during the year.....	60
Number of applications waiting.....	0

In conclusion, I wish to thank the heads and members of the several Town Departments, for their support and co-operation during the year.

MORRISON MERRILL,

Superintendent.

Report of Town Treasurer

To the Citizens of Wakefield:—

I herewith present my report for the fiscal year ending December 31, 1922.

LOAN ACCOUNT

The following sums have been borrowed on Temporary Notes in anticipation of revenue during the year:

\$200,000.00 at 4.07 per cent discount
75,000.00 at 4.03 per cent discount plus \$3.00 premium
50,000.00 at 3.57 per cent discount
50,000.00 at 3.45 per cent discount
100,000.00 at 4.06 per cent discount
50,000.00 at 4.19 per cent discount

\$525,000.00

Of this amount \$325,000.00 has been paid leaving a balance due in 1923 of \$200,000.00 in anticipation of revenue.

Time loans as follows have been issued during the year:

Municipal Light Plant \$45,000.00, 4 percent. bonds, due \$3,000.00 in each of the years 1923 to 1927 and \$2,000.00 in 1928 to 1942 inclusive.

High School \$300,000.00 4 per cent bonds due \$15,000.00 in each of the years 1923 to 1942 inclusive.

Sewer \$13,000.00 4 per cent bonds due \$1,000.00 in each of the years 1923 to 1935 inclusive.

Water Mains \$9,000.00 4 per cent bonds due \$2,000.00 in each of the years 1923 to 1926 inclusive and \$1,000.00 in the year 1927.

Water Loan Act of 1922 \$12,500.00 4 per cent bonds due, \$1,500.00 in the year 1923 and \$1,000.00 in each of the years 1924 to 1934 inclusive.

PERMANENT DEBT

Permanent debt, Jan. 1, 1922.....	\$596,000.00
Paid during 1922.....	48,000.00
	<hr/>
	\$548,000.00
New issues in 1922 as above.....	379,500.00
	<hr/>
Permanent debt, Jan. 1, 1923.....	\$927,500.00

The permanent debt has increased \$331,500.00 during the year 1922.

MATURITIES OF TOWN DEBT

Maturing in 1923.....	\$68,000.00
1924.....	66,000.00
1925.....	55,000.00
1926.....	55,000.00

FINAL STATEMENT

During the year 1923, the following time loans will fall due and are to be included in the tax levy of 1923.

High School site.....	\$2,500.00	
High School.....	22,500.00	
Montrose School.....	1,500.00	
Woodville School.....	4,000.00	
Metropolitan Sewer.....	7,000.00	
Extension of Sewer.....	1,000.00	
		\$38,500.00
Water Meters (included in Water Dept. appropriation)	1,500.00	
Water Loan (included in Water Dept. appropriation).	8,000.00	
Extension Water Mains (included in Water Dept. appropriation).....	5,000.00	
Water Loan, Acts of 1922.....	1,500.00	
		\$16,000.00
Light Plant (included in Light Plant appropriation)...	13,500.00	
		\$13,500.00
		\$68,000.00

There will also be required the following amounts to meet our interest payments:

High School site.....	\$50.00	
High School.....	18,468.76	
Montrose School.....	787.50	
Woodville School.....	2,385.00	
Metropolitan Sewer.....	5,635.00	
Extension of Sewer.....	520.00	
Temporary Loans (estimated).....	13,153.74	
		\$41,000.00
Water Meters (included in Water Dept. appropriation)	\$33.75	
Water Loan (included in Water Dept. appropriation).	4,920.00	
Extension Water Mains (included in Water Dept. appropriation).....	660.00	
Water Loan, Acts of 1922.....	500.00	
		\$6,113.75
Light Plant (included in Light Plant appropriation)...	\$3,620.00	
		\$3,620.00
		\$50,733.75

The borrowing capacity of the town, on temporary notes in anticipation of 1922 revenue, was \$596,667.51, as determined by the State Director of Ac-

counts. Of this amount the town borrowed the sum of \$525,000.00 and of this latter amount \$325,000.00 has been paid leaving \$200,000.00 to be paid in 1923.

Respectfully submitted,

ARTHUR H. BOARDMAN,

Treasurer.

FREDERIC S. HARTSHORNE

Town Clerk

Report of Board of Health

The annual report of the Board of Health is herewith respectfully submitted.

There were 295 cases of infectious diseases reported for the year ending December 31st, 1922, divided as follows:

Tuberculosis.....	16
Whooping cough.....	20
Typhoid fever.....	2
Scarlet fever.....	31
Diphtheria.....	42
Lobar Pneumonia.....	19
Measles.....	118
Mumps.....	23
Influenza.....	4
Chicken-pox.....	19
Infantile Paralysis.....	1

Miss Russell, the Board of Health nurse visits these cases, giving advice and instructions to those having the care of the patients, and seeing that the rules and regulations of the Board are carried out. The following number of visits were made during the year:

Number of Visits

Scarlet fever.....	44
Tuberculosis.....	170
Typhoid.....	4
Infantile Paralysis.....	5
Diphtheria.....	54
Measles.....	87
Chicken-pox.....	3

The Clinic for children crippled by Infantile Paralysis is held at the Dispensary as heretofore. The treatments are given by Miss Kemp of the Harvard Infantile Paralysis Commission.

The collection of garbage is now conducted by the Board of Overseers of the Poor, and all communications relative thereto, should be sent direct to that Board.

There has been for several years a continual nuisance on Bennett Street, from over-flowing cesspools. We recommend that a sewer be constructed in this street, and will accordingly put an article to this effect in the Town Warrant. Further extension of the sewer system is desirable in the Junction dis-

trict, and in the near future the question of sewers in Greenwood must be considered. The Haywood Bros. Rattan factory, is not yet sewered, and still presents a serious health problem for the town.

Mr. Augustine Jenkins who had been a member of this Board since 1899, serving as secretary for the entire period, resigned in April, and his place is filled by Mr. W. S. Goodwin.

ERNEST E. TYZZER, M. D. *Chairman*

CHARLES E. MONTAGUE, M. D.

W. S. GOODWIN, *Secretary*.

Report of Inspector of Slaughtering

Town of Wakefield, Board of Health:

I herewith submit my report as Inspector of Slaughtering for the year 1922.

There were twelve hundred and twenty-seven hogs killed.

Fourteen of this number were condemned. Two were tubercular, and twelve had Hemorrhagic Septicemia.

There were sixteen calves, two sheep, and twenty cows killed.

Two cows were condemned for tuberculosis.

Respectfully submitted,

DR. PALMER CORBETT.

Report of the Plumbing Inspector

To the Honorable Board of Health:

Gentlemen:—

I respectfully submit the following report for the year ending December 31st, 1922.

Number of plumbing inspections.....	344
Number of permits granted.....	190
Number of fixtures installed.....	944

Divided as follows:

Bath tubs.....	162
Water closets.....	249
Lavatories.....	205
Sinks.....	202
Wash trays.....	153
Drinking fountains.....	8
Showers.....	5
Urinals.....	10

This is the largest number of permits taken out since 1903, and the largest number of fixtures installed in one year in the history of this department.

Respectfully submitted,

DAVID TAGGART.

Annual Report of the Inspector of Milk

To the Board of Health,

Town of Wakefield, Mass.

Gentlemen:

I herewith present for your consideration my report for the year 1922.

The inspections of the milk supply for the Town of Wakefield for the year 1922, have not differed in many respects from those conducted for the past few years. It has consisted of the collecting of samples of milk from the dealers and in the analysis of the same for the butter fats and the total solid contents; also in the inspection of the premises and conditions under which the milk was produced.

The results of these tests were in the majority of cases satisfactory as far as the standard of the milk was concerned, but had absolutely no influence upon the quality of the milk from the stand-point of cleanliness. To my mind the latter is the most important phase of the whole milk situation, but can be accomplished only through the means of a test for the bacteria contents.

Ninety-six (96) samples of milk and eighteen (18) samples of cream were analyzed this year. Six (6) samples of milk and three (3) of cream were found to be below standard. The dealers were warned, and in all cases the quality was immediately improved. Forty-four dealers and stores were licensed to sell milk, and nineteen (19) stores were licensed to sell oleo-margarine.

The total receipts of the department were thirty one dollars (\$31.00).

Respectfully submitted,

CARL M. SMITH,

Inspector of Milk.

Report of the Overseers of the Poor

The Overseers of the Poor herewith respectfully submit their annual report for the year ending December 31, 1922.

At the beginning of 1922, we had at the Town Home, 9 inmates, 3 of whom have died during the year, leaving 3 women and 3 men, some of whom are bed-ridden and require constant and careful attention.

The number of mothers making application for aid has increased. Those receiving temporary aid have decreased as it has been our good fortune to secure employment for some of both sexes.

In accordance with the vote of the Town at the March meeting to have the Poor Department collect the garbage, same to begin May 1st, 1922, as this was a new venture and necessitated quite an expense to purchase equipment, horses, wagons and other accessories also an addition to the barn to be used as a wagon shed and a cellar for the hog pens, the foundations for same having been built some years ago. We have purchased 37 brood sows and at present there are 44 brood sows, 3 boars and 26 pigs. The collection of garbage is larger than we anticipated, nevertheless having been in the business for 9 months and as was expected have had some complaints, both reasonable and unreasonable but on the whole we feel that most people are satisfied with the service that we have given. We found it quite a proposition to find and hold reliable help for the above work but with the experience of the past year, we hope to improve the service for this coming year. Receipts from the sale of pork this year have been \$961.36.

Under the management of Supt. and Matron Mrs. Melvin Brown, the Farm has been successfully carried on and the inmates are all well cared for, and we feel the town is fortunate in having such assistants.

At the Farm on Saturday, March 18th, we experienced a bad roof fire on the main house which did considerable damage from fire, smoke and water and the amount of the damage, \$2,319.00 was recovered from the fire underwriters.

The Board takes this opportunity to thank all who have helped in various ways. Many factories and stores have given employment at our request and the various churches, organizations and individuals have also given great assistance. To all we wish to express our sincere appreciation.

Signed,

HUGH CONNELL, *Chairman,*

WILLIAM C. STRONG,

ADELAIDE W. BOYNTON, *Secretary.*

Report of the Tuberculosis Dispensary

To the Wakefield Board of Health:

The annual report of the Tuberculosis Dispensary is herewith respectfully submitted.

The work of the Tuberculosis Dispensary has been carried on as in previous years, with Clinics Tuesday afternoons from 3.30 to 4.30 p. m., and Friday evenings from 8.30 to 9.30. From January 1st to December 31st, 1922, 80 examinations were made, and 40 patients were examined.

There were 16 new cases reported, and 8 deaths. Four of the new cases that were reported were found to be in the advanced stages of the disease, and not susceptible to much improvement at Sanatoria or from treatment elsewhere. The importance to the patient and to the community of an early diagnosis, and the institution of proper treatment can hardly be over estimated. Through the aid of the Board of Health Dispensary 4 cases were sent to Sanatoria. There are other cases in the community whose surroundings and home conditions are anything but favorable to tubercular patients, but it is impossible to convince them of that fact.

There are 54 resident cases on record, 17 which are active, 37 arrested. Twenty-one of the resident cases are under the supervision of the dispensary and the remaining 33 under the supervision of local physicians. Besides these there are 30 suspicious cases, and 8 cases in Sanatoria. Six tubercular patients left town during the year.

The Board of Health nurse assists at clinics Tuesday afternoons and Friday evenings, visits tubercular patients, investigates new cases, obtains records of cases, instructs those that remain at home on living methods and care of sputum, so that others may not become infected, and distributes sputum boxes.

REGULAR MEETINGS OF SCHOOL COMMITTEE

Second and fourth Fridays of each month at 8 p. m., at Committee Rooms.

Report of School Committee

NEW HIGH SCHOOL

It was hoped that the new High School building would be ready for occupancy by not later than January 1, 1923, but owing to conditions arising which held up the contractor, it will probably be March or April before the building is completed.

The removal to the new school will greatly relieve conditions in the grammar grades, as it is the intention of the committee to bring the eighth grade pupils from the other buildings in town to the old High School.

REPAIRS

Electric lights have been installed in the Lincoln School, and it is the intention of the committee ultimately to equip all school buildings with this system of lighting.

The exterior of the Prospect School was painted during the summer vacation and a new roof put on the building.

The two room portable building which had been in use for High School purposes was removed to Greenwood. This has relieved conditions for the present at that building, and enabled us to resume the regular sessions instead of the two session plan.

PROFESSIONAL ADVANCEMENT

Four teachers have received credits for professional advancement during the year.

CHARLES H. HOWE MEMORIAL LIBRARY

We are pleased to note the progress being made by the High School Parent Teacher Association through a special committee to create a fund for the purchase of books for the High School Library.

We wish to acknowledge gratefully receipt of a valuable collection of books of the late Samuel K. Hamilton kindly given by Mrs. Hamilton. This is to be known as "The Samuel K. Hamilton Collection."

Also a valuable collection of manuscript music has been received from Mrs. George F. Wilson and her daughter, being the music collection of the late George F. Wilson, for many years music supervisor in the Wakefield schools.

APPROPRIATIONS

We recommend the following appropriations:

Salaries.....	\$183,300.00
Contingent.....	14,000.00
Books and Supplies.....	7,500.00
Fuel.....	16,550.00
Evening School.....	5,650.00
Practical Arts.....	900.00
<hr/>	
Total.....	\$227,900.00
Amount turned back to town for coal.....	\$6,929.00

We recommend that this sum be reappropriated, making a total of \$234,829.00.

J. LOWE McMAHON,
IDA FARR MILLER,
HARRY B. ALLMAN,
EVA GOWING RIPLEY,
JOHN B. SAWYER,
LEO A. ROGERS.

Report of Superintendent

To the School Committee:

Ladies and Gentlemen:—I herewith submit my annual report for the year 1922.

The many duties which have fallen upon me in looking after details in connection with the building and equipment of the new High School have been a heavy drain upon my time and have detracted materially from the regular school work. The generous support of the teachers and principals has been of great help in making this year one of progress.

NEW HIGH SCHOOL BUILDING

After many years of waiting, a new High School building seems to be a reality. It is almost completed, and we expect to enter it sometime in the spring. I believe the Townspeople will be well satisfied with both the building and equipment in spite of some criticism which has been current. This criticism has been made by those, principally, who do not know exactly what we have, nor how expansive a plant it is. I think it may be well to defer a description of both building and contents until a later date.

I hope that when the building is ready for occupancy, we may have open house some afternoon and evening when every one who may be interested may have a chance to go all over the building and inspect all parts, together with the equipment and apparatus.

OLD HIGH SCHOOL BUILDING

When we do make the transfer from the old building, this will be available for such purposes as we may determine on for the benefit of the Town. As I have stated elsewhere there are three districts which are now, or soon will be, badly over crowded. The annex which was added about twenty years ago is suitable for grade work. These six rooms can be used for the 8th grades of the Town without any expense for alteration. They are heated by two furnaces, so the plant can be run economically. I see no other way than to use them as soon as we can by bringing all the 8th grades together here, with the possible exception of Greenwood. At a comparatively small expense, room 1 can be made over into an assembly hall which might also be used by other town departments, when a large committee or hearing room may be wanted. Practically all that would be necessary would be to remove the seats and desks and replace them with portable chairs. Probably about \$500.00 would make all the necessary changes.

By transferring the 8th grades, we shall not only gain room in the elementary buildings but I believe we shall increase the efficiency of the work in this grade. By transferring those teachers who are interested and efficient in certain lines, we can more thoroughly departmentalize the work, and I believe, give a better fit to those who finish the elementary school.

Mr. George E. Hayes who is now serving as principal of the Warren School will take charge of this work in addition to his other duties. He is at work on plans so there may be no delay when we are ready to begin.

CROWDED CONDITIONS

I presume there will be few reports written this year which will not have something to say about the lack of room for the pupils of the community. Many cities and towns do not have seats enough for all the pupils in spite of the fact that they may have several portable buildings in use.

In my report last year I showed the growth of the school population and the lack of growth of accommodations for the past ten years. There was no increase in the number of rooms until 1917 when the new Montrose building was erected, except a one room portable in the Franklin district. The Woodville School followed in 1919, adding four rooms. Next came a two room portable building at the High School. While we were adding eight available rooms, the school enrollment increased about 500. You see we have had a serious problem in housing, but I feel that we satisfactorily took care of the situation. The new High School building is not yet ready for occupancy, and probably will not be before spring.

Three districts are now in bad shape as far as seating accommodations are concerned. There are part time classes in the Lincoln and Franklin districts. We transferred the two room portable building from the High School to the Greenwood district, expecting the new High School building would be ready at least by January 1. This transfer has been a serious handicap to the work of the High School, but it has temporarily taken care of the situation in Greenwood. There has been a large amount of building in this section, and this of course means an increase in the population, which in turn means an increase in the number attending school. Last fall we had a large entering class, and a comparatively small graduating class. We expect the same thing to be true next fall. If it does materialize, we shall need another room at least, if not two.

There are of course four ways to meet this situation:

1. Put some classes on part time again.
2. Add another portable building.
3. Assign the 8th grade to old High School building.
4. Build a new schoolhouse or an addition.

If the finances of the Town seemed at all to warrant such action, I should by all means advocate the building of an addition to the present building. Having shown the possible solutions of the problem, and bearing in mind the financial conditions of the Town, I leave it to the people to suggest which plan they wish to adopt at the present time.

The Franklin district is in fully as bad a condition as the Greenwood district. Here we have a portable in use and two grades on part time, with other rooms housing more pupils than they should. We can ease the situation a little by sending the 8th grade to the old High School building when available, but I am afraid that even this will not give all the relief we shall probably need next fall. The Town has got to face a problem here in the immediate future. It certainly looks as though we shall have to ask for an addition within a year or so.

In the Lincoln district we have one grade divided and attending part time. If we transfer the 8th grades to the old High School building, we shall have two extra rooms available for the others. These will take care of the part time grade and give some relief to those other rooms which are now over crowded. I do not feel sure that we are secure for any considerable length of time.

PROFESSIONAL IMPROVEMENT

Two years ago the Committee adopted a plan to stimulate study for professional improvement on the part of the teachers. This plan was published in full at that time. We are already seeing results, showing the wisdom of the plan. Many teachers are now doing some regular studying to better fit themselves for their work in hand. Last year there were four who were given the necessary six credits and the resulting increase of \$75.00 in salary. This year there were four others who gained the six credits. This work cannot but

help improve the classroom work, for it gives the teacher a larger store from which to draw. -

UNIVERSITY EXTENSION CLASS

Since the Committee presented the plan for recognizing professional improvement by a special increase in salary, many teachers have taken courses at various institutions, including the University Extension courses. We felt that it might be possible to save some expense of time and travel if we could have a course given in Wakefield, if we could find one that would appeal to a sufficient number of teachers. We were finally enabled, through the University Extension Department, to make arrangements with Prof. John Mahoney of Boston University and Harvard College to come to Wakefield and give his course of "English in the Grades." We find that the teachers are interested in the course and that it is having a vital effect in turn upon the work in the schools. I believe that courses given in this way are important enough to include as a part of our regular program.

BUSINESS PAGEANT

Last fall the Elks gave a Business Pageant in the Armory, at which the School Department made an exhibit of practically all phases of school work. The red room was assigned to us, and we made use of the walls and tables to show specimens of work and photographs of certain classes at work. We also exhibited charts showing the increases in enrollment and membership, and the increases in appropriations for the different divisions of our department.

The exhibit showed the work of the Town as a whole rather than the work of individual schools. I feel that this must have been worth while, judging from the number of visitors who spent considerable time in the room. Two men teachers were on hand at all times to answer any questions which might be asked and to make any necessary explanations.

TEST BY DR. TROXELL

During the spring and fall the State examined many children to determine if possible why these pupils were below grade. We have just received the last report of these examinations. There were many who were three years or more below grade. We should establish a class or classes to take care of these children and give them the special attention which they need. When we move to the new High School, we might take one room in the old building for this work.

SCHOOL SAVINGS BANKS

The schools in which the teachers are interested do the best work with the School Savings Banks. Below is a table giving the data for the year and also the data for the years in which we have been giving attention to this work.

The School Savings Bank necessarily takes a great deal of time from the principal or some teacher. It is so complex that it is hardly safe to leave much of it to the pupils, as there are so many chances for mistakes. I hope the time may soon come when each school may have an automatic teller.

EVENING SCHOOL AND AMERICANIZATION

Miss Josephine Rourke who acts as Director of Americanization and Principal of the Evening School has done a fine piece of work and deserves commendation. I include a portion of her report, which will give some idea of her work.

EVENING SCHOOL REPORT FOR 1922

In the organization of the Evening School classes during 1922, an effort was made to meet the needs and desires of the greatest number of students, both native and foreign born. In an attempt to carry out this purpose, four distinct types of work were offered.

- I. Practical Arts. Millinery and Sewing.
- II. Adult Immigrant Education.
- III. Instruction to Illiterate Minors.
- IV. Civil Service Preparatory Work.

Adult Immigrant Education

According to the census returns of 1920, 25% of Wakefield's entire population, or 3,312 persons are of foreign birth, the majority of whom come from such non-English speaking countries as Italy, Poland, Russia, Sweden, etc. Many of these people own their own homes, contribute to Wakefield's Industrial production, have become citizens by Naturalization and form a very desirable population. By the following report of work as it has been carried on in the Americanization classes during the year, it is evident that a large number of the remaining aliens are anxious to learn our language, history and government so that they also may become respected citizens of the country. The town will no doubt be amply repaid for the effort it is making to help these people to become assimilated.

Early in January, Mr. Charles M. Herlihy, the State Supervisor of Americanization, visited all the classes and granted that their organization and work complied with the State's requirement for reimbursement. Unlimited help and guidance was given by Mr. Herlihy's office throughout the year. In compliance with an agreement made when classes were opened in the fall, Federal Examiner Spellman was sent to Wakefield to give the final examination for citizenship in the classroom. It proved to be a very agreeable arrangement and will be repeated each year as the men complete their course.

The Closing Exercises for the Evening School Classes of 1921-22 were held in the Town Hall, Friday evening, March 24th. They were the first public exercises of the kind held in Wakefield and proved of great interest and significance. The immigrants brought their friends to see their work and their exercises and to rejoice with them when they received their diplomas and certificates for their year's work. The attendance of so many townspeople and

their services in helping to decorate the hall and make the program a success is greatly appreciated. We wish to thank the patriotic organizations who loaned their "colors" and sent representatives to the exercises.

The striking features of the program rested in the messages brought by three members of the evening classes, Messrs. Guarnaccia, Pirro and Nutile.

Mr. Guarnaccia, who was a member of the Advanced English class read a paper on "Americanization" which he wrote in school. He expressed his belief that the foreign born men and women of Wakefield are better and happier because of their attendance in the evening school classes.

No better argument could have been offered for the truth of his statement than Mr. Nutile's story of what he had learned at school during the winter and what the new knowledge meant to him. He produced his first citizenship papers, check book and insurance papers signed in his own writing and explained that before this winter he had never known what it meant to write his own signature.

Mr. Pirro, a member from one of the club classes, explained that although he had lived in this country for several years, he had learned to speak almost no English because he had never mingled with the American people. In his class, he was learning to speak English as he demonstrated and he was "very, very sorry that the school must now finish."

Federal diplomas were awarded to the pupils who passed the citizenship examination and State certificates to pupils of the Adult Immigrant classes who were in regular attendance throughout the course. Special town certificates were given to members of the Practical Arts, Advanced English and Minor classes.

Music of a very classical nature was furnished by the Columbus Musical and Educational Club band which donated its services to the school for the second time during the year.

Immediately following the close of school in March, a second Citizenship class was organized and taught by the Director at the High School during the evenings of May and June. These men passed their examinations and received their final papers at the end of the course.

During the spring months, a special effort was made to reach the foreign women to a greater extent. Small groups of mothers who were unable to attend the schools during the winter were organized into classes, meeting at one of the homes. The teacher with portable blackboard, books and other supplies went from house to house meeting each group three times a week for half hour periods. Many of these women have lived in Wakefield for five, ten and more years but because of their large families have not had the opportunity to mingle as their husbands do with the American people. They are almost pathetically eager to learn and will drop their work to "speak English" whenever the teacher can come.

Opening of Classes in Fall.

The majority of students who attended school last year, with the exception of the Citizenship graduates, returned when classes reopened this fall, to carry on thier work in higher grades. Their progress is very marked and it is intensely interesting to step into an Intermediate class and hear men who could speak almost no English a year and a half ago, carrying on a very intelligent conversation in short but perfect English sentences.

The possibility of this advancement is due in large part to the carefully prepared course of study offered by the State and used in all of our Americanization classes. Teacher improvement conferences have been held at regular intervals to discuss such topics as:—

Drills—Devices—Illustrative Material.

Advanced Conversational Lessons for Beginners.

Method of teaching Conversational Lessons in Intermediate Classes, etc.

The major text materials used were sent to the town by the State, free of charge. Over 200 copies were received during the past year. These "Massachusetts Lessons" have been adopted by the Federal Government, bound into book form and are being circulated for use in Americanization classes in all the states of the Union. Supplementary texts were purchased by the School Department.

Total Number Registered		317

There has been a growing demand on the part of the pupils in the school for assistance in making out applications for first and second papers and for advice on immigrant problems. Miss Mary L. Power, field secretary from the Mass. Bureau of Immigration, spent one evening at the school assisting in making out papers and helping to unsnarl some of the problems that were bothering the students. She carried several cases to the State Bureau for help. Assistance rendered at the school during the year:

I. Applications for 1st papers	50
II. Applications for 2nd papers	20
III. Investigations, personal assistance, etc.	35
Total	105

Factory Classes.

After the Evening Schools were well on their way this fall, the Heywood Wakefield Co. was approached with the proposition of allowing the School Department to organize English and Citizenship classes in the factory. Mr. E. W. Packard, Employment Manager, reported immediately after taking it up with the management that the plan was accepted and put men to work cleaning out the upper floor of the paint shop, building tables and getting all in readiness for the opening of the school.

On Monday, Tuesday and Thursday when the whistle blows at 5.15 P. M. the men pass quickly from their work to their class which remains in session until 6 o'clock. Through these classes the school is reaching men that have never been reached through the Evening School. The educational survey which was taken at the factory and the effort made by the company to provide comfortable and convenient schooling for their immigrant employees has opened a channel through which some splendid work should be accomplished. In the long run both employer and employee are bound to profit by it. I hope that in the future these classes may be prominent in all of the industries in Wakefield that employ non-English speaking people.

Practical Arts Classes.

With an enrollment of 104 pupils in the Practical Arts classes last October, it was necessary to engage three additional teachers. We were very fortunate in securing young women who are trained teachers and who are at the same time in the employ of such companies as L. P. Hollander, E. T. Slattery and R. H. Stearns.

The five classes were made up of mothers from all sections of the Town, young ladies who are employed in the factories and teachers in Reading and Wakefield. Pupils attending from Reading are charged for their tuition.

Illiterate Minor Classes.

Approximately 35 boys and girls under the age of 21, who have not completed sixth grade work are employed in the factories of Wakefield and neigh-

boring towns. These pupils are compelled to attend the Evening School regularly. A record of their attendance is sent to their employer every two weeks. At the beginning of the year no little time and effort was spent in following up the attendance of these pupils and keeping them in school. With a helping hand from the factories, however, conditions were quite reversed before the term was over and the absences reduced. Some of these boys and girls are unable to do work above third and fourth grade. There is no group in the school that needs more individual attention. For this reason, all the illiterate minors who are unable to speak English are placed in the Americanization classes, leaving the "Minor Class" for those who speak English but who have not an elementary education.

Civil Service Preparatory Work. (English and Arithmetic).

A request came from several of last years Advanced English Class for a Civil Service Preparatory Course. The matter was taken up with the Mass. Division of University Extension which agreed to furnish the course and pay for the instruction one night a week, the town paying for the other two.

Purpose of the Course.

Experience proves that the greatest weakness of people who seek positions through Civil Service examinations lies in their inability to express themselves in writing so that they can be understood. They fail to convince the examiner that they know their subject well because they do not tell what they know in a clear and connected fashion. The course aims to train men and women who have knowledge to present it clearly and correctly. While everyone ought to be able to express himself clearly and correctly in writing, few are able to do so without training.

The arithmetic course afforded instruction in percentage, profit and loss, insurance, taxes, commission, interest, and partnership.

SCHOOL NURSE

One of the valuable additions to the program was the employment of a school nurse for full school time. Miss Mary K. English not only gives all her time during school hours to her work of looking after the physical welfare of the pupils, but she spends many more hours in visiting the homes for follow up work and consultation with the parents, and gives many Saturdays to taking children to different clinics in Boston for treatment.

Below are excerpts from her report:

"The children in all schools were examined by the school physician and, as has been done in the past few years, the primary grades were weighed and measured. The children in the Hamilton School where they have milk every day, were weighed and their weights compared with the childrens' weights at the Hurd School. The result showed very little or no difference in their averages. This I think proves that the children in both schools are well nourished, receiving proper food at home and are well cared for.

"Our weighing of the children in the lower grades showed a very small per-cent. of children under weight.

"In the early spring a list of all retarded or backward children was prepared by the teachers. These children were examined by a doctor from the State. I was present at some of these examinations and a teacher was always present. We found a number of children of school age who had never been admitted to school; others who were admitted and were not able to attend or advance beyond the first or second grade. In order to examine these children, it was necessary to have permission in writing from the parent. I visited these homes in advance of the doctor, ten in all, and obtained the permission, calling later with the doctor and examining the children. The doctor was very much pleased with the manner in which he was received as he had considerable trouble in some of the surrounding towns in examining the children in their homes. Dr. Troxell recommended institutional care for these ten children.

"In the spring examination of throats, the number of notices sent home in regard to enlarged or defective tonsils were very few. The teeth are better cared for in the primary grades, which I believe is in a large measure due to the teachers who have taken great interest in the health of the child. The eighth grade and first year High School show a large percent. of the children having defective teeth.

"We have been very fortunate in not having out-breaks of Scarlet Fever and Diphtheria. In the Hurd district where Scarlet Fever broke out, the school was visited every day for a period of two weeks, the children closely observed and any child showing symptoms was sent home. In the Warren School, Whooping Cough started and it was impossible to check it, as the children had been in school and others in the class were exposed. I did what little I could in advising children and mothers of the children who had coughs to stay at home and have their "family physician." In one instance a child had been advised to stay home but returned to school and said 'Mother did not think she had Whooping Cough but she must not go near Baby.'

"I would like to report one case of a child in the third grade. One day while visiting this school, the class was having reading period. This little girl was called on to read. I noticed how closely she held her book to her eyes. The teacher said her eyes were normal in the eye test, but the last few days she had complained of not being able to see the writing on the blackboard. On examining the child, I was amazed to find a very faint film over the pupil of the eyes. I informed the doctor and he immediately notified the child's father. She was taken to the Eye and Ear Infirmary and it was found that she had cataracts on both eyes. The child was treated and she is in school again and doing well."

SEWING

The following is the report of Miss Ekman, the sewing teacher, which gives a full description of the outline of the work as given in the grades.

"The main objective of the sewing course is to give the girls ability to sew and make their clothing. The garment as a project is used which results in five types of abilities; first, skill in control of hand and machine technic and in handling of material; second, knowledge of constructive processes and skill and judgment in their use; third, ability to use patterns and to cut economically; fourth, ability to fit garments; fifth, appreciation of good color and texture combinations, good proportions and all other aspects of design that must be considered in any constructive activity.

"The course in sewing has for its constant purpose the training of the body to assume and keep correct position, training of the fingers to handle properly the implements used, training of the eye to quick and accurate perceptions, training to correct expressions by requiring oral and written descriptions of work done and training of taste, will and judgment, so that neatness, decision, perseverance, patience, promptness, thoroughness and economy of materials become second nature. Thoroughness in this is a safe guard against awkwardness and mistakes that otherwise would waste time and material. The muscular control involved in hand sewing is quite complex. It requires control in the use of each hand and co-ordination in the movements of both hands to make a stitch well. Not only the appearance, use and method of beginning and ending the stitch is necessary, but the movement involved in making it is also important. The thorough study of the movements used in making hand stitches prevents the acquisition of the many wasteful hand habits so often seen in sewing classes.

"The course progresses to practical applications in making wearing apparel and mending, also articles of household arts.

"The machine work not only includes stitching but the study of the machine in detail. It is my desire to have more work accomplished on the machine as speed and facility in using a machine will greatly increase a girl's productive powers. In order to do this it is necessary to have more machines.

"Crocheting is introduced in the seventh grade as an applied design problem. After the stitches are learned in crocheting, the work becomes a mechanical operation and is therefore used as 'pick-up work' resulting in the making of lace and yokes for the garments being made in class."

MANUAL TRAINING

The Manual Training work has continued under the able instruction of Mr. Fanck. When the new High School building is completed Mr. Fanck will take charge of the Manual Arts Department. He will probably have to have an assistant in the very near future.

It will take about three years for the course to become fully established, and in the meantime I believe it would be wise to transfer as much as possible of the work for the grades to the new quarters. Eventually it will have to return to its present quarters. In this way we may be able to get along with fewer instructors, without any detriment to the work.

Below is a partial list of what the classes have done in addition to their regular classroom work and projects.

Woodwork

- 2 Hall trees
- 8 Window ventilators
- 2 Pencil blocks
 - Certificates framed
 - Clothes rack
 - School seats and desks repaired
 - School chairs repaired
- 6 Plant boxes
 - Sand table repaired
 - Shelves for several closets.

GIFTS TO THE DEPARTMENT

During the past year we have had some gifts which are particularly interesting to the schools.

Miss Lillian Guptill gave some excellent pictures which were placed in those schools which needed them most. She also gave some photographs which were taken by the Lick Observatory. These are used in the classes in the High School.

Mrs. Jennie Wilson Rickards and Mrs. George F. Wilson presented the High School Library with a music collection, including many original compositions, as well as orchestral compositions by her father, the late George F. Wilson, who was for many years supervisor of music in the schools. This collection will be placed in special compartments in the new High School Library and will be known as the George F. Wilson Collection.

Squire Samuel K. Hamilton for many years gave freely of his service for the benefit of the Town. Among other positions which he held was that of School Committee man. He has always been much interested in the schools up to the time of his death. Squire Hamilton was also much interested in books and had collected a valuable library. After his death, Mrs. Hamilton offered one half of his books to the new High School Library, to be known as the Samuel K. Hamilton Collection. Many of these books are valuable and some of them are rare editions. These books will be marked by a suitable plate. The High School Library is very fortunate to receive these as they will be of great value to the school.

MISS CARTER

At the close of the spring term, Miss Fannie E. Carter retired from active service as a teacher. She had given fifty years to the schools of the State, thirty-six of these being in the Town of Wakefield. Miss Carter has always been a

tower of strength to the schools. Her principal has well summarized her worth in the following paragraph:

“We have lost a most valuable teacher in Miss Carter’s retirement. She is much missed and the value of her work and personal touch has never been more apparent than now. Her record of fifty years service in the State is a very remarkable one both from the point of service and from the fact that her spirit of youth has been maintained for such a long period. Wakefield has been fortunate to have such a period of unselfish service. No less significant is the fact that among the numerous pupils who have attended her classes, none can say that she was unfair or that she did not teach them anything. On the contrary, there is a general sentiment that she was a most excellent teacher, always fair in all her dealings with her pupils and a most exemplary character. Her thirty-six years service in Wakefield might well have received an appropriate recognition in some form, but in her characteristically modest manner, she preferred to step out quite as she would have done had she been going out for a regular vacation.”

MR. NEWMAN

Mr. Charles E. Newman has served for nearly twenty-five years, lacking about one month, as janitor of the Lincoln School. He felt obliged to resign during the fall because of the distance he lived from the school and because of failing strength. He will long be remembered for his interest in the building, the pupils and teachers, and for his unfailing kindness.

CHANGES IN TEACHERS

Resignations

HIGH SCHOOL

Hester Sharkey, Spanish and English.....	To Cambridge
Marie Menard, French.....	To Newport
Gladys Frost, Commercial Arithmetic.....	To New York
Doris A. Nelson, Domestic Science.....	To be married

Laurel M. Tout, Woodville, Grade 1.....From Winchendon, Mass.

CONCLUSION

In conclusion I wish to thank all who have helped during the past year which in many respects has been an extremely hard one. I especially wish to thank the teachers and principals for their share in the work, and the Committee for their support and sympathy.

Respectfully submitted,
WILLARD B. ATWELL.

Report of High School Principal

Mr. W. B. Atwell, Superintendent of Schools,

Dear Sir:

Herewith is submitted the annual report of the Principal of the High School. The enrollment at the beginning of the school year was as follows:

	<i>Boys</i>	<i>Girls</i>	<i>Total</i>
Post Graduates.....	3	2	5
Seniors.....	43	65	108
Juniors.....	52	74	126
Sophomores.....	80	68	148
Freshmen.....	100	106	206
Total.....	272	311	593

This is an increase of 23 over the enrollment of the school at the beginning of last year.

We have worked under a serious handicap this year. The school is larger than last year, and at the same time we have fewer class rooms, since the portable building was removed to the Greenwood School. That necessitated having two classes recite in Room 10 at the same time. Screens were obtained to separate the classes, still the confusion arising from two classes reciting in the same room has retarded the school work. It has been necessary to hold classes in the study hall which has been annoying to the pupils trying to study as well as those trying to recite. We also have had classes recite in the corridor near the chemical laboratory. We have been very much overcrowded, we expected to enter the new High School building at the Christmas vacation and were disappointed, and there has been a nervous tension and unrest that has prevented us from doing our best work. The only place that pupils can receive assistance from teachers during the teachers' spare periods is in the corridors, at the lunch counter, in the cloak room, or at the principal's office. We have been so overcrowded that it has been, at times, impossible for teachers to find room to assist pupils even in the afternoon, and in many cases several teachers have had to share the same room with their pupils to get a place in which to work. Under these trying conditions I feel that both teachers and pupils have shown a remarkable spirit of co-operation and loyalty, and have done exceedingly well. It will be a great relief to get into the new building.

The attendance for the year has been fairly good. Our percentage of attendance was 96. We should not be satisfied with anything less than 97½%. Then again, we have too many tardinesses. Last year we had 1097. I feel sure that with greater co-operation on the part of the parents we could cut that down to 600 or less. We have tried every conceivable way to reduce tardiness, but so far the results are not satisfactory.

The pupils who took College Entrance Examinations last June did very well indeed. If a pupil has done very good work in school, getting a grade of 85% to 95%, the teacher will recommend his taking the examinations; if his grade isn't as high as 85% she may give her consent to his taking the examination. If the pupil's work is not of high enough grade to warrant giving consent or recommendation, he must take the examination on his own responsibility. Last year every pupil who was given the teacher's recommendation or consent passed every examination in which consent was given, and in some cases the pupils passed the examinations taken on their own responsibility. This reflects credit on both teachers and pupils, also it shows that if a pupil is willing to work he can be fitted for college in our High School. If a pupil is to prepare for college he must be willing to give most all of his time for preparation.

We had several changes in our faculty this year. Miss Chloe Cousins teaches Freshmen English and French. Miss Lillian Hurley teaches Spanish and French. Miss Harriet Mason teaches French.

We have had a study room in the Odd Fellows building for the Freshmen the same as last year, and each teacher is there one morning a week to give assistance, besides the regular teacher in charge. It is evident that the pupils are not taking advantage of the help that they can obtain for very few come to study or to get assistance.

We have the Honor Rolls last year which is an incentive to greater effort on the part of pupils. This year we have designated the courses the honor pupils are taking as it was claimed none but pupils taking the General and Commercial Courses were able to get on the Honor Roll. It is interesting to learn that that statement was not true as there is always a good number of pupils taking the College Course on the Honor Roll.

We have not done so well in athletics as in former years. Our baseball team did very well. We had no cross country team or indoor track team as there were not enough boys who were eligible who desired to participate. In football we suffered disastrously. Too many of the players failed in their studies at the mid-season so were not allowed to play. Mr. Dower did the best he could with the material he had left, but the season was too far gone to develop a strong team. The boys themselves have taken the matter in hand and I feel sure that they will work out a solution for the unfortunate situation and will put athletics in the place in school life that it should hold.

Of the 96 pupils who graduated last June the following entered higher institutions of learning:

Mark Ireland	University of Michigan
Francis Corcoran	Boston College
William Mullen	Boston College
John Studley	Tufts College
Arthur Nash	Massachusetts Institute Technology
George Cole, Jr.	Norwich University
Thomas Jazukawiz	New Hampshire State College

George Hall	New Hampshire State College
Breta Heurlin	B. U. Secretarial Science
Olga Titer	B. U. Secretarial Science
George Barron	B. U. Business Administration
Albert Anderson	Wentworth Institute
Walter Mason	Wentworth Institute
Herman Robinson	Wentworth Institute
Arthur Smith	Wentworth Institute
Greta Palmer	Boston Conservatory of Music
Hilda Hayden	Salem Normal School
Vera Moulton	Salem Normal School
Margaret Corbet	Salem Normal School
Lillia Sidney	Massachusetts Normal Art School
Fannie Greene	New School of Design
Edward Corcoran	Bentley School of Finance
Arlene Gardner	Sargent School of Physical Science
Harriet Dolbeare	MacDuffie School for Girls
Muriel Kingston	Katherine Gibb School
Madeline Gould	Katherine Gibb School
Alan Sweetser	Exeter Academy

At this time I wish to express my appreciation of the loyalty of my co-workers and the hearty co-operation which I have received from you and the School Committee.

Respectfully submitted,

C. J. PETERSON.

CLASS MOTTO—In This Sign We Conquer MCMXXII

CLASS SONG

Vera Moulton

Four short years have gone their way,
Our goal we have attained,
Our joys, our hopes have all been won,
And friendships we have gained.
T'is now today we look ahead
Along a pathway bright,
With open minds, in courage's stead
We cannot fail the right.

The memories come to bring us light,
From out a span of years,
Of others who have fought the fight
With laughter and with tears;
Of those who to our school have brought
The guerdon they have won,
The fame, the glory, and the pride
The thought of duty done.

Report of School Physician

The health conditions have been good practically throughout the year. Whooping cough has been prevalent in many sections of the Town and, as this is a disease that lasts from six to ten weeks, it has cut the school attendance to a considerable degree. The present health regulations in regard to this disease, both those of the Board of Health and those of the School Authorities, have no influence whatever upon its spread, so far as I can see. Nor is there likely to be any means until some way is found to complete the diagnosis before the disease becomes infectious, or immunization becomes completely effective and generally practiced. Parents are as a rule indifferent, assuming that their children must have it some time and one time is as good as another.

In many cities and towns, pupils are being tested as to their susceptibility to diphtheria, and those found susceptible are immunized. If the end results are as good as it now seems likely, the procedure will become universal. We have been fortunate in having very few diphtheria cases among the pupils, and none, so far as I know, which could be traced to the schools.

We have a small number of pupils suffering from definite malnutrition. There are a considerable number relatively under weight, by no means confined to families of the poor or the shiftless. These children are unquestionably more likely to contract tuberculosis than the better nourished. The serving of milk at recess as is now done in some of schools is of the greatest importance, and it ought to be done in all, at least in the lower grades. The teachers who have assumed this work and the Parent Teacher Associations who have made it possible deserve the highest commendation.

The work of the School Physician is largely the routine of examining suspicious cases for evidence of contagious disease, looking after quarantine regulations when such disease is reported, and conference with reference to pupils who appear to be slightly ill. In all this work, the School Nurse and the teachers have given their heartiest co-operation. One must not lose sight of the fact that the teachers are the outpost sentinels for the detection of illness among the pupils, and that the school nurse is the first line of defense. We are fortunate in having both well served.

The usual examination of pupils has been made and notices have been sent to parents when evidence of disease was present. Numerous accidents and minor injuries at school have been attended.

CHARLES E. MONTAGUE, M. D.

School Physician.

Report of Attendance Officer and Census Enumerator

Mr. W. B. Atwell, Superintendent of Schools:—

I hereby submit the following report for the year ending December 31, 1922.

I have investigated such cases:

Sickness.....	78
Truancy.....	40
Tardy.....	17
Kept out by parents.....	63
Lack of clothing, shoes, etc.....	10
Found on street and taken to school.....	9
Found on street and taken home.....	4
Found at home and taken to school.....	5
Misdemeanors on school grounds.....	8
Non-registration (new pupils).....	15
Pupils left school (in and out of town).....	25
Factories and stores visited.....	15
Suspensions.....	10
Home employment certificates granted.....	4
Bureau of immigration cases investigated.....	7
Loss of school property.....	8
Schools visited.....	15
Miscellaneous.....	17

350

Besides investigating the above cases, I also canvassed the Town for the census of pupils between 5 and 16 years of age.

Respectfully submitted,

ALBERT D. CATE,

Attendance Officer.

APPROPRIATION

APPENDIX A

Population, census 1920.....	13,025
Average Membership, ending June 1922.....	2,773
Average Membership, ending June 1921.....	2,646
Increase.....	127
Total Membership, 1922.....	2,899
Total Membership, 1921.....	2,922
Average Attendance, 1922.....	2,626
Average Attendance, 1921.....	2,523
Percent. of Attendance, 1922.....	94.20
Per cent. of Attendance, 1921.....	94.77
Length of School Year, Sept. 1921 to June 1922.....	39 weeks
Days lost, stormy weather, holidays. etc:	
High.....	15 days
Elementary.....	16 days
Actual length of school year:	
High.....	36 weeks
Elementary.....	35 weeks, 4 days
Special teachers employed.....	5
Regular teaching positions.....	96
Total teaching positions.....	101

DAY SCHOOLS

Cost per pupil for instruction and maintenance, based on average membership for the school year, 1922:

High School, exclusive of general control.....	\$111.48
Elementary School, exclusive of general control.....	56.08
All Public Schools, from local taxation.....	66.18
All Public Schools, from all sources.....	74.15
Cost per pupil in State.....	87.06

Report of the Municipal Light Board

Wakefield, Mass., Feb. 9, 1923.

To the Citizens of Wakefield:

We submit herewith our report concerning the Gas and Electric Department for the calendar year 1922. Taken in conjunction with the Manager's report, which is appended hereto, it is the twenty-ninth annual report of the Department.

In writing this report, the commissioners intend to be as brief as possible, giving to the people a short resume of the year's operations, and stating our opinion as to the outlook for the coming year.

Early in the year the town counsel ruled that the town might entertain a proposition from an outside company for the purchase of our Gas and Electric business.

The committee appointed by the town to investigate the possibility of leasing our plant to any outside company capable of supplying our wants, were unable to find a company interested in this proposition.

The Malden & Melrose Gas Light Co. made an extensive appraisal of our plant and on the results of that appraisal, notified the special committee, under date of Feb. 13, 1922, that they were not interested in leasing this property.

They did state however, that providing the town should consider *selling* its plant, (owing to the appraisal which they had made,) they would be in a position to make a definite offer for it.

On March 6th, 1922, the commissioners received a definite offer from the Malden Company to purchase the property. We do not think it necessary to repeat the terms in detail in this report. The offer was given the utmost publicity and the question "to sell or not to sell" argued at great length.

On March 27th a referendum vote on the question was held. The necessary two third's majority for the affirmative was not obtained, 1489 voting for selling and 1299 against and the motion was declared not carried.

At a special town meeting held on April 10th, the sum of \$45,000.00 was voted to extend the gas and electric business.

On May 10th, Mr. Whiting resigned as Manager.

On May 16th, Capt. S. H. Brooks resigned from the Board.

On May 18th, this vacancy was filled by the appointment of Dr. Curtis L. Sopher.

On June 9th Capt. Brooks was appointed Manager.

One other vacancy occurred on the Board through the resignation on Oct. 17 of Mr. Frank A. Nelson.

On Oct. 19th, this vacancy was filled by the appointment of Mr. John M. Cameron.

ELECTRIC DEPARTMENT

Late in the fall the commissioners received a proposition from the Edison Electric Illuminating Co. i. e.:—that the Edison Co. would bring its current to the Wakefield Town Line, underground on high tension plan, of 13,000 volts tension, from its Woburn Station, providing the town agreed to meet the Edison Co. at the town line and continue underground to a central distributing station in the town, and also that the town would make a 10 year contract with the Edison Co. to take its entire supply of electricity from them for this period of time.

There were three chief benefits to the Town to be derived from this proposition.

I. The difference in the rate, between the new high tension and the present low tension supply would show a saving to the town on its present business of about \$6,500.00 per year.

II. The Town would be assured of a perfectly sure and safe source of supply for all time, doing away entirely with the troubles to which an overhead line is bound to be subjected.

III. The town with its increased capacity would be in a position to take on a practically unlimited amount of new business.

On Dec. 29th, at a special town meeting, the sum of \$50,000.00 was voted to carry out the town part of the above agreement.

Following the appropriation of this money, the commissioners opened negotiations with the Heywood Wakefield Company to supply them with their entire power requirements.

After several weeks, a proposition satisfactory to both parties was made and the Heywood Wakefield Co. signified their willingness to enter into a contract with the town for their entire supply of power, for a period of ten years.

The Heywood Wakefield Co. have agreed to lease to the town for a small consideration, a piece of land large enough for the erection of the Town's substation.

The Town has agreed to come to the Heywood Wakefield Co. property underground. The advantages of this plan are clear. The Town assures the Heywood Wakefield Co. of a safe and sure supply of electricity and the Town obtains for practically nothing, a very desirable location, for its own sub-station.

The commissioners are asking therefore for \$15,000.00 to cover the cost of

reaching the Heywood Wakefield Co. by continuing the proposed underground construction from the point originally in mind, to the new location on the Heywood property.

GAS DEPARTMENT

At the start of the year 1922, the price charged for gas was \$1.95 per 1,000 cu. ft. On March 1st the price was reduced to \$1.70 per 1,000 cu. ft. and has remained at that figure throughout the year. Much has been done to improve our services and with our new units of manufacture we have been able to produce and sell considerably more gas than ever before. We do not contemplate any extension gas construction work for the coming year and therefore have no recommendations to make for this Department at this time.

CHANGE OF STATE LAW

Late in the year 1921, the Legislature passed a law relative to changing the classification of accounts affecting Municipal Lighting Companies, this law becoming effective January 1st, 1922.

Our books should have been set up to conform with the new requirements at that time. Our previous Manager neglected to do this, nor did he at any time acquaint the commissioners with the fact that there had been any change in the law.

The result was therefore that our accounts were kept as in the past and our entire year's business transacted on this basis. The first intimation of the change of law came to us during December when preparing our report for the State. We then employed Chas. E. Stanwood to make a complete audit of the books of the department and put them on a basis to conform with the State's requirements. The audit was completed about Feb. 1st, 1923.

FINANCIAL CONDITION

The details of this change in the classification of accounts are elaborate and it is impossible to attempt to fully explain them at this time. The Manager's report appended hereto, contains financial reports of the department under both the new and old systems of accounting. The direct results of the department are plain i. e.:—Under the old system on which we ran our business the past year, the gas business showed a profit of about \$1,000.00 and the electric business a profit of about \$36,000;—under the new system the gas business shows a loss of about \$12,000.00 and the electric business a profit of about \$28,000.00.

Looking at our business as a joint lighting concern, which it is and has always been considered, the net results of the year's operations are very good as the plant showed a net profit of about \$16,000.00. The commissioners feel that a constant changing of the State Laws relative to Municipal Lighting Companies, and the instability of these laws, cannot help being a serious handicap to the proper operation of any Municipal Company. The law is the law however, and as such must be complied with.

OUTLOOK FOR THE FUTURE

In regard to the future we believe that, with a full knowledge of the conditions under which we must work, with increased gas production and with all possible curtailment of expenses, the deficit which we are forced to show this year on the gas end of the business may be practically eliminated in 1923. At the end of this next year's business the commissioners will be in a better position, to make recommendations concerning the gas department than at this time.

Yours very truly,

DR. CURTIS L. SOPHER,

JOHN M. CAMERON,

MARCUS BEEBE, 2nd.

The Wakefield Municipal Light Department.

Report of the Manager

Wakefield, Mass., December 31, 1922.

Municipal Light Board,

Wakefield, Mass.

Gentlemen:—

I respectfully submit herewith a report of the activities and operations of the gas and electric departments for the year 1922.

FINANCIAL STATEMENTS

The Financial Statements are presented in practically the same form as is required by the State Department of Public Utilities, to whom the Manager of the Plant is obliged to report annually as of December 31st. In this case, a new form is used as prescribed by the Statute of 1921, so that a direct comparison with previous figures presented by this department will not follow, but a more complete analysis of the cost of operation is hereby shown.

I submit herewith three statements, the first according to the technical state requirements, the other as comparable to the previous method.

It will be noted that the Operating Account Gas and the Operating Account Electric, are identical with the exception that the State Requirement shows the Depreciation Account on Plant Equipment in each case where as the previous methods used, the Depreciation has always been carried in the Profit and Loss Statement.

If this had been maintained in this report, our Operating Account Gas would show an Operating Profit of \$944.34.

COST OF GAS IN HOLDER

The cost of gas in holder is. \$77,455.06

The gas manufactured during the year amounted to 69,172,000 cubic feet, making the average cost of gas in the holder about \$1.12 per 1000 cubic feet.

COST OF GAS TO THE CONSUMER

The cost of gas delivered to the consumer is made up as follows:

Production cost.	\$77,455.06
Transmission and Distribution.	10,882.26
Commercial Expense.	2,350.75
General and Miscellaneous Expense.	12,395.51
New Business Expense.	297.05
Interest on Bonds.	2,028.75
Bonds and Notes.	6,000.00
Miscellaneous.	521.86
Total.	\$111,931.24

Gas delivered to consumers amounted to 56,446,200 cubic feet so that the average total cost of gas delivered to the consumers was about \$1.98+ per thousand cubic feet.

COST OF ELECTRICITY ON SWITCH BOARD

The cost of electricity on the switchboard amounted to \$36,690.73. The electricity delivered to the board amounted to 1,406,440 kilowatt hours, or at a cost on our switchboard of 2.6087 cents per kilowatt hour.

COST OF ELECTRICITY TO CONSUMER

Cost on Switchboard.	\$36,690.73
Transmission and Distribution—Expense.	13,526.23
Utilization Expense.	1,305.65
Commercial and General Expense.	16,440.39
Interest and Bonds, etc.	5,621.83
Total Cost.	\$73,584.83

The electricity delivered to the consumers amounted to 1,065,791 kilowatt hours, so that the cost of electricity delivered to the consumers was 6.904+ cents.

PRICE OF GAS

The price of gas from January to March was \$2.20 per 1000 cubic feet, discount 25c per 1000, making a net price of \$1.95 per 1000 cubic feet. After March first, the following schedule was adopted.

Gas was reduced to \$1.70 per 1000 cubic feet without discount, bills payable in thirty days. This price is maintained to date.

PRICE OF ELECTRICITY

At the beginning of the year, the price of electricity for lighting was 15c per kilowatt hour with discount of 2c per kilowatt hour for prompt payment. On March first, the rate was changed so that the rate became 12c net.

POWER SCHEDULE

The monthly charges consist of two amounts: first, a service charge of 50c per month per horsepower of connected load; and second, a current charge of—

8 cents per kilowatt hour for the first 100 kilowatt hours.
6.5 cents per kilowatt hour for the next 300 kilowatt hours.
5.5 cents per kilowatt hour for the next 1,000 kilowatt hours.
4.5 cents per kilowatt hour for the next 3,000 kilowatt hours.
3.5 cents per kilowatt hour for the next 10,000 kilowatt hours.
2.5 cents per kilowatt hour for all additional kilowatt hours.

The minimum charge was the service charge, but in no case less than \$1.00.

A discount of 10 per cent. was allowed on bills, except minimum bills, if payment was received at the office of the Department, within fifteen days of date of bill.

PLANT

As has been previously stated in other reports, the word "plant," includes all fixed assets, the land, buildings, machinery and equipment, mains, services, gas meters, lines, transformers, electric meters and street lights; that is, "it includes both the plant proper, or the works, together with the distributing systems."

COAL GAS BENCHES

The coal gas bench No. 3 has been refilled, the contract was given to the Russell Engineering Company, St. Louis Mo., for \$1,670.00. The work was finished in July at a total cost of \$1,960.13.

A second contract was made, after a competition of proposals, to the same company, (Russell Engineering Company), in the latter part of December, coal bench No. 2 is to be refilled. This bench is badly burned out. This work will be done in the early part of the year 1923.

GAS COMPRESSOR

For years, the gas which is distributed by means of the high pressure system, was compressed to 15 or 20 lbs. pressure per square inch by Westinghouse Air Brake Compressors. These have long been inadequate and very uneconomical. They have been placed as stand-by machines and a Gardner-Riggs compressor has been installed which is proving exceedingly good and economical, both as to price and operation. The contract price was \$1,057.48.

BOILER BLOW-OFF

The boiler blow-off is very badly designed and is about worn out. It should be replaced by a new one, and the latter should be designed to reduce the velocity of discharge and should be placed in a new location in the yard. Such a blow-off could probably be installed for \$500.00

WATER-GAS SET

Both water-gas sets were in continuous use during the past year, no changes having been made excepting the completion of the water-gas house at a cost of \$228.00. The old exhauster in the water-gas house has been replaced by a new and larger unit at a cost of \$837.20.

BLOWER

The old blower which was steam driven, expensive, and inadequate, has been replaced by a steam turbine unit, direct connected. This replacement cost \$1,507.00. This blower, and the electrically operated blower, one acting as a stand-by for the other, are very efficient, and ample for all requirements.

OIL TANKS

Water gas is primarily blue gas, enriched by the addition of gas oil. The plant never has had adequate storage capacity for such oil and it was incapable many times of taking advantage of prices. The original tank had a capacity of 17,000 gallons. An opportunity came for the purchase of a 14,000 gallon tank for \$531.00, and two other tanks, one having a capacity of 7,000 gallons, the other of 3,200 gallons, these were purchased for the sum of \$200.00.

COAL HOIST

A coal hoist such as has been installed with the new water-gas set, should be installed for the old water-gas set. This will cost about \$400.00.

SETTLING TANK

A settling tank arranged with baffle plates to retard the flow of water, oil, and tar from the water-gas sets should be installed to prevent further contamination of Lake Quannapowitt. This could probably be done for about \$1,500.00.

MAINS

During the year we increased the length of our mains by 22,779 feet at a cost of \$13,723.00.

GAS SERVICES

We installed during the year 1922, 105 gas services to consumers at a cost of \$1,020.47.

GAS METERS

At the beginning of the year, there were 2,854 gas meters. During the year we installed two consumers, 113 gas meters, making a total in use as of December 31st, 1922, of 2,967. We had during the year, 635 prepayment meters changed to regulars. There were 144 new gas meters bought at a cost of \$1,577.19.

OVER-HEAD LINES

We installed 128, 536 feet of wire at a cost of \$11,915.41. A proposed change from our present low tension service to high tension service would necessitate a re-arrangement of some of our present circuits and a probable addition of services.

ELECTRIC PLANT

The electric plant, so called, consists of the switchboard, station wiring, street lighting transformers and feeder regulators. The proposed extension of lines will necessitate the building of a new sub-station with additional transformers and regulators, remote control switching apparatus, for which it would be necessary to ask for an additional bond issue of some \$15,000.00.

TRANSFORMERS

At the beginning of the year, we had 221 transformers in use, but during the year, owing to the increase of consumption, of electricity, we were obliged to take down some small transformers and replace them with larger ones so as to accommodate the load.

ELECTRIC METERS

At the beginning of the year, we had 1,964 meters in use. We installed during the year, 390 meters to new consumers, making a total in use as of December 31st, 2,354 meters. We also purchased during the year 450 new electric meters at a cost of \$3,724.14.

STREET LIGHTS

At the beginning of the year there were 651 street lights in use. During the year we installed 28 new street lights at a cost of \$1,261.91.

The cost of street lighting to the town in 1922 was \$14,671.00. The method pursued during the past year was to bill the town for the actual cost of lighting these lamps.

APPENDIX

Physical Data

As of December 31

	1920	1921	1922
Feet of mains in use.....	213,057	222,642	237,448

Electricity sold for power (kilowatt hours).....	424,610	297,440	316,834
Electricity used for street lights (kilowatt hours).....	110,515	126,731	193,713
Hours operated, square lights.....	3,955	3,344	3,863
Hours operated, other street lights....	3,287	3,325	3,863
Average cubic feet of gas used per meter per year.....			19,293
Average cubic feet of gas used per meter per month.....			1,607

During the past year the use of electricity by the town has increased over 27%, and the service rendered by the Edison Electric Illuminating Company of Boston, from the Woburn sub-station, has reached its limit by the method now in use, that is by low tension service, so called on aerial wires.

The management was in correspondence with one of the larger manufacturing concerns of the town early in the year, with a view to giving greater service. The matter was taken up by the commissioners with the Edison Company with the result that the above company is willing to make an investment of some \$130,000.00 to bring high tension service to the town line, in duplicate cables and underground, this is to be met by the town with similar construction, estimated to cost approximately \$50,000.00.

The above has been explained in the press and on the floor at the special town meeting when a bond issue to insure this construction was granted the Board.

It is anticipated that the service will be improved very much after the completion of the proposed conduit line, and that there will be an increased saving to the town on the cost of purchased current.

A bond issue last year for \$45,000.00 for construction purposes, made possible much improvement in the Plant, and the following shows how the construction fund of 1922 was expended:

CONSTRUCTION FUND

Cash Receipts

Balance, December 31, 1921.....	\$728.64	
Received from bond issue.....	45,000.00	
Received from sale of Plant.....	1,813.72

		<hr/>
Total Payments.....		\$47,530.57
		<hr/>
Balance of Cash on hand 12/31/22.....		\$11.79

In conclusion, I thank you and the share holders, as most of the customers are such, for their patience and forbearance. I have tried to assume the position that the customer is always right, and make adjustments on that basis.

Respectfully,

S. H. BROOKS, *Manager.*

Fire Alarm System

During the year, no advance on the circuits was made, only necessary repair and supervision was made from time to time for the reason that there was an increased call upon the electric business in the matter of extension of lines and services throughout the town.

The largest single addition was the installation of the Fire Alarm System to the new High School. A new tape machine has been installed at the central station, and wire for rewiring circuit No. 1 has been bought.

The following work should be done:

Circuit No. 1 should be rewired and relocated on the poles.

Circuit No. 4 should be rearranged at Forest Street, Greenwood, to bring the loops into the switchboard at the Fire Station in the Greenwood district.

A new whistle machine should be bought and installed at the Gas Works.

It is estimated that these jobs and items of maintenance will cost \$2,400.00.

S. H. BROOKS,

Supt. Fire Alarm System.

SURPLUS REVENUE

The surplus revenue at the close of the year, as shown by the balance sheet is \$43,590.49.

The accounts of the Treasurer have been examined and agree with the Accountant's books, cash balances have been verified by bank statements. All permanent and temporary loans cancelled during the year by the Treasurer have been examined and found as reported.

I take this opportunity to thank the Honorable Board of Selectmen, and all other town officials who have co-operated and assisted in the work of this department.

Respectfully submitted,

HARRY A. SIMONDS,

Town Accountant.
